The Wii Remote™ Plus Controller incorporates the technology of the Wii MotionPlus™ accessory, allowing more precise and detailed control of gameplay. The Wii Remote Plus is compatible with both standard Wii games and all Wii MotionPlus games, without having to attach the Wii MotionPlus accessory.

• Some software may require additional accessories.

NOTE: The Wii MotionPlus accessory can be attached to the Wii Remote Plus without damaging it or affecting its operation. However, this is not necessary and will not provide any additional features or benefits when using the Wii Remote Plus.

2. DO NOT LET GO OF THE REMOTE DURING GAME PLAY.

3. ALLOW ADEQUATE DISTANCE BETWEEN YOU AND OTHER PLAYERS, particularly the system.

4. USE THE Wii Remote JACKET.

TO USE THE Wii Remote JACKET:

• As you may move around during game play, make sure objects and other people are out of your range of movement or arm movement.

• Hold the remote securely and avoid excessive motion, as it may cause you to lose control of the remote and may break the wrist strap.

• Read the instruction booklet for the game you are playing and follow all game control instructions for correct use of the Wii Remote Plus or accessory controllers.

• When sharing Wii Remote accessories between multiple players, make sure each person uses the wrist strap properly.

• Make sure all players use the wrist strap and ensure the strap lock is correctly tightened.

Installing Batteries

If you need to replace the batteries, be sure to follow the manufacturer’s guidelines for safety and proper usage.

1. Pull the Wii Remote Jacket off the base of the Wii Remote Plus and pull the wrist strap out of the hole in the bottom of the jacket.
2. Pull the jacket up far enough to expose the entire battery door and remove the door.
3. Insert the batteries into the battery chamber. Be sure to insert the minus (–) end first when replacing the batteries.

Installing Batteries (continued)

4. IMPORTANT: If this is the first time you have inserted batteries in the Wii Remote Plus, you must synchronize the remote with the Wii console before you use it. See the next page. Synchronizing your Wii Remote Plus with the Wii console, for instructions. These returns to Step 6.

5. Replace the battery cover, thread the wrist strap through the hole in the bottom of the jacket and pull the jacket back over the bottom of the remote.

6. If you remove the jacket from the remote, replace it by inserting the top of the remote into the large hole on the front of the jacket. Be sure to push it all the way into the top of the jacket.

Synchronizing your Wii Remote Plus with the Wii console

This procedure must be followed for each additional Wii Remote Plus added to your system.

1. Press the Power button on the Wii console to turn it on.
2. Remove the battery cover on the back of the remote. Press and release the SYNC button inside the cover. See the Player LEDs blinking.
3. Open the SD Card Slot cover on the front of the Wii console. Press and release the SYNC button on the inside of the compartment.
4. When the Player LED blinking stops, connection is complete. The LED that is illuminated indicates the player number.
5. Close the SD Card Slot cover on the front of the Wii console and replace the battery cover on the Wii Remote Plus.

Setup of the Wii Remote Plus

The Wii Remote Plus comes with the Wii Remote Jacket installed.

- Be sure that the Wii Remote Jacket is installed during gameplay to reduce the risk of harm to the remote, surrounding objects, or people.
- It may be necessary to remove the Wii Remote Jacket. For example, to replace the batteries in the Wii Remote Plus. If you do remove the Wii Remote Jacket, be sure to replace it before further play.

Installing Batteries

The Wii Remote Plus uses four batteries. Nintendo recommends high-quality alkaline batteries for best performance and to ensure the full potential of battery life.

- Insert the batteries into the battery chamber. Be sure to insert the minus (-) end first when inserting non-rechargeable batteries, and the plus (+) end first when replacing the batteries.
- Pull the jacket up the remote far enough to expose the entire battery door and remove the door.
- If you have removed the jacket from the remote, replace it by inserting the top of the remote into the large hole in the front of the jacket. Be sure to push it all the way into the sides of the jacket.
- Replace the battery cover, thread the wrist strap through the hole in the bottom of the jacket and pull the jacket back over the bottom of the remote.

Wearing the Wii Remote Wrist Strap

Wearing the Wii Remote Wrist Strap

- Open the lever to hold the strap lock in place.
- Be sure that the strap is tight enough to hold the wrist strap in place.
- Close the lever to hold the strap in place.
