Important Information

Please read this manual carefully before using the software. If the software will be used by children, the manual should be read and explained to them by an adult.

Also, before using this software, please select ⚠️ in the HOME Menu and carefully review content in "Health and Safety Information." It contains important information that will help you enjoy this software.

You should also thoroughly read your Operations Manual, including the "Health and Safety Information" section, before using this software.

Please note that except where otherwise stated, "Nintendo 3DS™" refers to all devices in the Nintendo 3DS family, including the New Nintendo 3DS, New Nintendo 3DS XL, Nintendo 3DS, Nintendo 3DS XL, and Nintendo 2DS™.

⚠️ CAUTION - STYLUS USE

To avoid fatigue and discomfort when using the stylus, do not grip it tightly or press it hard against the screen. Keep your fingers, hand, wrist, and arm relaxed. Long, steady, gentle strokes work just as well as many short, hard strokes.
Important Information

Your Nintendo 3DS system and this software are not designed for use with any unauthorized device or unlicensed accessory. Such use may be illegal, voids any warranty, and is a breach of your obligations under the User Agreement. Further, such use may lead to injury to yourself or others and may cause performance issues and/or damage to your Nintendo 3DS system and related services. Nintendo (as well as any Nintendo licensee or distributor) is not responsible for any damage or loss caused by the use of such device or unlicensed accessory. Except as authorized, copying of any Nintendo software is illegal and is strictly prohibited by domestic and international intellectual property laws. "Back-up" or "archival" copies are not authorized.

Nintendo respects the intellectual property of others, and we ask Nintendo 3DS software Content Providers to do the same. In accordance with the Digital Millennium Copyright Act in the US, the Electronic Commerce Directive in the EU, and other applicable law, we have adopted a policy of removing, in appropriate circumstances and at our sole discretion, any Nintendo 3DS software that appears to infringe anyone else's intellectual property. If you believe your intellectual property rights are being infringed, please visit www.nintendo.com/ippolicy to view the full policy and understand your rights.
User-generated content, or UGC, is content created by users, such as messages, Mii™ characters, images, photos, video, audio, etc.

Information-Sharing Precautions

The extent of UGC exchange depends on the software.

• Nintendo bears no responsibility whatsoever for any problems that result from the use of the Internet (for example, the sending of content over the Internet, or the sending or receiving of content with others).
This software allows you to connect to the Internet to share images and post your thoughts to Miiverse. For more details, see the page about Image Share (page 11).

- Refer to your Operations Manual for information about connecting your system to the Internet.
- You must go through the initial setup for Miiverse on your system before you can use Miiverse with this game.

This software supports Nintendo Network.

Nintendo Network is the name of Nintendo’s network service that enables users to enjoy games and other content via the Internet.

Protecting Your Privacy

- To protect your privacy, do not give out personal information, such as last name, phone number, birth date, age, school, e-mail, or home address when communicating with others.
- Friend codes are a part of a system that allows you to play with people you know. If you
exchange friend codes with strangers, there is a risk you could share information with people you do not know or exchange messages that contain offensive language. We therefore recommend that you do not give your friend codes to people you don't know.
You can restrict use of the following features by adjusting the options in Parental Controls.

- Access to this game (as well as other games) can also be restricted through the Software Rating item in Parental Controls.
- Refer to your Operations Manual for information on how to set up Parental Controls.

- **Internet Browser**
  Restricts the ability to launch the Internet browser.

- **Miiverse**
  Restricts users from viewing or posting content on Miiverse. When set to **Restrict Posting**, text and handwritten messages cannot be posted. When set to **Restrict Viewing and Posting**, text and handwritten messages cannot be posted or viewed.

- **Sharing Images / Audio / Video / Long Text Data**
  Restricts the sending and receiving of photos and the use of Game Chat.
Getting Started

The first time you play, an introductory lesson will begin right after you enter your name and other details. Starting the game anytime after that will display the main menu.
◆ You can change your name later by selecting Clubhouse from the main menu and then Profile (page 10).

Main Menu

Lessons
Learn how to draw various characters and how to use the art tools (page 9).

Free Paint
Draw freely with any art tools you want (page 9).

Clubhouse
View your profile and Gallery (page 10).
Share artwork with friends and send sample lessons (pages 11-12).

Settings

Adjust various settings, such as sound settings and which hand you draw with.

Power-Saving Mode

When the Nintendo 3DS system's Power-Saving Mode is turned on, it can become difficult to tell slight differences in colors. If this happens, please turn Power-Saving Mode off via HOME Menu Settings.
Progress and artwork are saved separately at various points.

**Progress**

This is a record of your lesson progress. It's automatically saved upon completing a lesson.
◆ You can also save in the middle of a lesson (page 9).

**Artwork**

Artwork is saved at different points depending on the chosen mode.

!’ Lessons
Artwork can be saved each time you complete a lesson or during one. To save during a lesson, press **START** to open the Options menu, and then tap Save.

!’ Free Paint
You can save your artwork anytime. Press **START** to open the Options menu, and then tap Save.
You can keep working on your artwork even after it's been saved.
Artwork is saved as extra data on your SD Card.

Deleting Saved Data

Deleting saved data differs depending on which data you want to delete.
◆ Please check your data before deleting it. Once data is erased, it cannot be recovered.

Progress

You can delete your progress by selecting Settings from the main menu and then selecting Clear Progress.
**Artwork**

You can delete artwork one at a time. You can delete any artwork from the Gallery (page 10), but while in Lesson or Free Paint mode, you can delete only artworks created in that mode.

*If you delete the extra data via System Settings in the HOME Menu, all artwork in the Gallery will be lost, so please be careful.*

Data can be lost due to user action, such as repeatedly powering off and on the system or removing a Game Card or SD Card while saving. Data loss may also be caused by poor connectivity due to dirt or dust in the system's ports. Please be aware that in these cases data cannot be restored.
Use the stylus to select art tools and to draw on the canvas (the Touch Screen). Use buttons for the following actions:
