PLEASE CAREFULLY READ THE SEPARATE HEALTH AND SAFETY PRECAUTIONS BOOKLET INCLUDED WITH THIS PRODUCT BEFORE USING YOUR NINTENDO® HARDWARE SYSTEM, GAME CARD OR ACCESSORY. THIS BOOKLET CONTAINS IMPORTANT HEALTH AND SAFETY INFORMATION.

IMPORTANT SAFETY INFORMATION: READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES.

**WARNING - Seizures**
- Some people (about 1 in 4000) may have seizures or blackouts triggered by light flashes or patterns, and this may occur while they are watching TV or playing video games, even if they have never had a seizure before.
- Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.
- Parents should watch their children play video games. Stop playing and consult a doctor if you or your child has any of the following symptoms:
  - Convulsions
  - Eye or muscle twitching
  - Loss of awareness
  - Involuntary movements
  - Disorientation
- To reduce the likelihood of a seizure when playing video games:
  1. Sit or stand as far from the screen as possible.
  2. Play video games on the smallest available television screen.
  3. Do not play if you are tired or need sleep.
  4. Play in a well-lit room.
  5. Take a 10 to 15 minute break every hour.

**WARNING - Radio Frequency Interference**
The Nintendo DS can emit radio waves that can affect the operation of nearby electronics, including cardiac pacemakers.
- Do not operate the Nintendo DS within 9 inches of a pacemaker while using the wireless feature.
- If you have a pacemaker or other implanted medical device, do not use the wireless feature of the Nintendo DS without first consulting your doctor or the manufacturer of your medical device.
- Observe and follow all regulations and rules regarding use of wireless devices in locations such as hospitals, airports, and on board aircraft. Operation in those locations may interfere with or cause malfunctions of equipment, with resulting injuries to persons or damage to property.

**WARNING - Battery Leakage**
The Nintendo DS contains a rechargeable lithium ion battery pack. Leakage of ingredients contained within the battery pack, or the combustion products of the ingredients, can cause personal injury as well as damage to your Nintendo DS.
- If battery leakage occurs, avoid contact with skin. If contact occurs, immediately wash thoroughly with soap and water. If liquid leaking from a battery pack comes into contact with your eyes, immediately flush thoroughly with water and see a doctor.
- To avoid battery leakage:
  - Do not expose battery to excessive physical shock, vibration, or liquids.
  - Do not disassemble, attempt to repair or deform the battery.
  - Do not dispose of battery pack in a fire.
  - Do not touch the terminals of the battery, or cause a short between the terminals with a metal object.
  - Do not peel or damage the battery label.

**WARNING - Repetitive Motion Injuries and Eyestrain**
Playing video games can make your muscles, joints, skin or eyes hurt. Follow these instructions to avoid problems such as tendinitis, carpal tunnel syndrome, skin irritation or eyestrain:
- Avoid excessive play. Parents should monitor their children for appropriate play.
- Take a 10 to 15 minute break every hour, even if you don’t think you need it.
- When using the stylus, you do not need to grip it tightly or press it hard against the screen. Doing so may cause fatigue or discomfort.
- If your hands, wrists, arms or eyes become tired or sore while playing, or if you feel symptoms such as tingling, numbness, burning or stiffness, stop and rest for several hours before playing again.
- If you continue to have any of the above symptoms or other discomfort during or after play, stop playing and see a doctor.

**Important Legal Information**

The game card will work only with the Nintendo DS™ video game system.

VIEWING SCREENSHOTS

The top screen and lower screen (Touch Screen) are shown as follows in this manual:

NEED HELP PLAYING A GAME?

Recorded tips for many titles are available on Nintendo’s Power Line at (425) 885-7529. This may be a long-distance call, so please ask permission from whoever pays the phone bill.

If the information you need is not on the Power Line, you may want to try using your favorite Internet search engine to find tips for the game you are playing. Some helpful words to include in the search, along with the game's title, are: “walk through,” “FAQ,” “codes,” and “tips.”

This game card will work only with the Nintendo DS™ video game system.
A dreadful disease dubbed "the blorbs" has begun to spread throughout the peaceful Mushroom Kingdom, causing the citizens to balloon up and roll around helplessly. With even the Star Sprites at a loss for what to do, Mario™ and Luigi™ set out on an adventure to find the cure!

And then there’s everyone’s favorite brute, Bowser™, who, as always, tries to abduct Princess Peach™, only to be thwarted once again by Mario. Angry at his defeat, he meets a shady merchant deep in the woods who gives him a “Lucky Shroom,” with the promise that it will make him really strong.

“Strong enough to beat Mario?! Really?!” Bowser swallows the mushroom in one gulp...and instantly starts inhaling anything and everything around him! Somehow he arrives at Peach’s Castle in this state and ends up inhaling the Mario Bros. because of the mushroom’s power.

What'll happen to the Mario Bros. inside Bowser’s body? And what about the fate of the Mushroom Kingdom?
Controls
Mario & Luigi: Bowser’s Inside Story mainly uses button controls, though there are certain instances where you use the stylus. For detailed instructions, please refer to the Actions section *P18* and the Battle section *P23*.

Using the stylus
Sometimes you’ll use the stylus to perform certain actions in the game. Please use the stylus when * and * appear on the screen.

Holding the DS sideways
As you play through the game, there will be times when you hold the Nintendo DS system vertically to battle. If a message like the one to the right appears, hold the DS vertically and use the stylus.

Note:
- If you press simultaneously, you can reset and return to the title screen.
- When you close the Nintendo DS/Nintendo DSi™ system while playing, it goes into Sleep Mode, which preserves the battery life. The DS will wake up out of Sleep Mode when you open it.
- When playing on the Nintendo DS/DSi, please refer to the user’s manuals of those respective units.
Starting a New Game

Make sure that the Nintendo DS system’s power is OFF, then firmly insert the Mario & Luigi: Bowser’s Inside Story Game Card into the slot until you hear it click.

1. When you turn the unit’s power ON, the screen to the right will appear. Press A or touch the Touch Screen when you understand the contents.

2. Choose the Mario & Luigi: Bowser’s Inside Story panel using ⊗, then press A. The title screen will appear.

Note:
• The screen to the right is for the Nintendo DS/DS Lite.
• If your Nintendo DS/DS Lite is set to Auto Mode, you won’t need to do this step.

3. Choose START GAME! using ⊗, then press A. The load menu will appear.

Load menu

Choose a save file with ⊗, and confirm with A. When there’s save data, a summary and hints will appear on the top screen, and you can scroll with L and R.

You can have up to two save files.

Playing the Game

Move through the game by controlling Bowser on the upper screen and Mario & Luigi on the lower screen. You can also combine Bowser’s and Mario & Luigi’s powers...

Switching between the upper and lower screens

When Mario & Luigi are in Bowser’s body, you can often change which character you’re controlling. When you press (A) or (B), you can control Mario & Luigi, and when you press (X) or (Y), you can control Bowser. The screen of the character or characters you’re controlling will light up.

Note: During some events, it may not be possible to switch from the character or characters you’re controlling.

I am called an Emoglobin. A manual reader. I and others like me exist within our host Bowser’s body and will impart our wise-ish words to you. When you find one of our number, jump up and strike us!

Toad Square

A gathering of shops selling items and equipment.

The round points are areas within Bowser. When there's a change in Bowser’s body, a visible reaction will occur—when you see it, head to the reacting area.

Upper screen
Control Bowser.

Current location
The room where Mario and Luigi are.

Reacting area
Use + or the stylus to switch between areas.

Challenge node
A place to enjoy minigames as you move through the game.

Tip: If you set a new high score in a minigame, only that record will automatically be saved. NOT your progress in the general game. Be sure to save at a save block before ending your game.
Coordinating the upper and lower screens

Mario & Luigi’s actions on the lower screen can affect Bowser on the upper screen, and vice versa. Here are two examples!

Stimulating Bowser’s muscles

When Mario & Luigi stimulate Bowser’s muscles, Bowser becomes unbelievably powerful.

Giving Bowser water

When Bowser drinks water, his body fills up with liquid.

Adventure hints

Battle starts when you touch an enemy

When you contact an enemy in the field, battle will begin. When you win a battle, you’ll get EXP (experience points) and coins, and your levels and ranks might go up.

Prepare for adventure...

Mario & Luigi and Bowser can buy items and equipment at the Toad Square stores and Broque Monsieur’s shop, respectively. You can check out the items and gear you buy in the Star Menu.
FIELD

There are all kinds of strange things in the field. When you get stuck, try various actions to proceed → P18.

Special Attack (Mario & Luigi)

This is a strong attack that uses up SP (special points), and it can only be used by Mario and Luigi working together. As you progress further into your adventure and collect Attack Pieces, the Special Attacks you can use increase.

Green Shell

Kick the shell back and forth, pressing A for Mario, B for Luigi.

Choose an enemy with A.

When the shell is in front of you, kick it with the action button. If you don’t time it just right, you’ll miss.

Checking how to do a Special Attack

There are various kinds of Special Attacks, each with a different technique. When you choose a Special Attack, the way to do it is displayed in the top screen. You can check on how to do an attack or practice one by choosing Specials from the Star Menu.

Badges (Mario & Luigi)

As you progress on your adventure, you can buy or find badges. When you put on badges, they have special effects in battle. The badges exhibit different effects depending on their combination.

Badge meter

When you make successful attacks, the meter builds; when it’s full, it begins to pulse. While you’re choosing command blocks, if you tap the pulsing bar, the badges release their effect.

Switching badges

If you select Switch Badges from the command blocks, you can switch badges. Press R to switch Mario’s badge, and press L for Luigi’s. When you press A, you’ll go to the confirmation screen. Choose Yes to go back to the battle, if you press B, you’ll go back to the battle without switching badges.

Note:

• When you switch badges, the meter is reset.
• You can also switch badges from the Star Menu.
