PLEASE CAREFULLY READ THE SEPARATE HEALTH AND SAFETY PRECAUTIONS BOOKLET INCLUDED WITH THIS PRODUCT BEFORE USING YOUR NINTENDO® HARDWARE SYSTEM, GAME CARD OR ACCESSORY. THIS BOOKLET CONTAINS IMPORTANT HEALTH AND SAFETY INFORMATION.

IMPORTANT SAFETY INFORMATION: READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES.

**WARNING - Seizures**
- Some people (about 1 in 4000) may have seizures or blackouts triggered by light flashes or patterns, such as while watching TV or playing video games, even if they have never had a seizure before.
- Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.
- Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:
  - Convulsions
  - Eye or muscle twitching
  - Loss of awareness
  - Altered vision
  - Involuntary movements
  - Disorientation
- To reduce the likelihood of a seizure when playing video games:
  1. Sit or stand as far from the screen as possible.
  2. Play video games on the smallest available television screen.
  3. Do not play if you are tired or need sleep.
  4. Play in a well-lit room.
  5. Take a 10 to 15 minute break every hour.

**WARNING - Repetitive Motion Injuries and Eyestrain**
Playing video games can make your muscles, joints, skin or eyes hurt after a few hours. Follow these instructions to avoid problems such as tendinitis, carpal tunnel syndrome, skin irritation or eyestrain:
- Avoid excessive play. It is recommended that parents monitor their children for appropriate play.
- Take a 10 to 15 minute break every hour, even if you don’t think you need it.
- When using the stylus, do not need to grip it tightly or press it hard against the screen. Doing so may cause fatigue or discomfort.
- If your hands, wrists, arms or eyes become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists, arms or eyes during or after play, stop playing and see a doctor.

**WARNING - Radio Frequency Interference**
The Nintendo DS can emit radio waves that can affect the operation of nearby electronics, including cardiac pacemakers.
- Do not operate the Nintendo DS within 9 inches of a pacemaker while using the wireless feature.
- If you have a pacemaker or other implanted medical device, do not use the wireless feature of the Nintendo DS without first consulting your doctor or the manufacturer of your medical device.
- Observe and follow all regulations and rules regarding use of wireless devices in locations such as hospitals, airports, and on board aircraft. Operation in those locations may interfere with or cause malfunctions of equipment, with resulting injuries to persons or damage to property.

**WARNING - Battery Leakage**
The Nintendo DS contains a rechargeable lithium ion battery pack. Leakage of ingredients contained within the battery pack, or the combustion products of the ingredients, can cause personal injury as well as damage to your Nintendo DS.
- If battery leakage occurs, avoid contact with skin. If contact occurs, immediately wash thoroughly with soap and water. If liquid leaking from a battery pack comes into contact with your eyes, immediately flush thoroughly with water and see a doctor.
- To avoid battery leakage:
  - Do not expose battery to excessive physical shock, vibration, or liquids.
  - Do not disassemble, attempt to repair or deform the battery.
  - Do not dispose of battery pack in a fire.
  - Do not touch the terminals of the battery, or cause a short between the terminals with a metal object.
  - Do not peel or damage the battery label.
The official seal is your assurance that this product is licensed or manufactured by Nintendo. Always look for this seal when buying video game systems, accessories, games and related products.

Nintendo does not license the sale or use of products without the Official Nintendo Seal.

63 WARRANTY AND SERVICE INFORMATION
In the distant reaches of space, beyond the territories controlled by the Galactic Federation, is the Tetra Galaxy, once home to a mighty race known as the Alimbics. An advanced civilization, peaceful, prosperous, and powerful, the Alimbics maintained stability over the region forcefully but judiciously. They reigned over a vast region known as the Alimbic Cluster.

One day, perhaps thousands of years ago, perhaps tens of thousands, they simply disappeared, leaving behind artifacts scattered across the Alimbic Cluster, all protected by a lethal arsenal of the Alimbics’ most advanced weaponry.

Today, for the first time in centuries, the long-dormant Alimbic Cluster has begun to stir, delivering strange tidings. A telepathic communiqué, originating within the Cluster, has been transmitted into the brains of some of the most exceptional beings in our galaxy. The message is translated into a thousand different languages on a thousand different worlds, but the message is always the same: “The secret to ultimate power lies in the Alimbic Cluster.”

This message has intrigued and enticed some of the most formidable bounty hunters in the galaxy, inspiring them to make the long journey to the Alimbic Cluster. Each of these great warriors has his own motivation. Some desire power for themselves, their planet, or their people—while others simply desire to hunt and to kill, to prove themselves the best bounty hunter in the galaxy. Now, it’s a race against time to see which bounty hunter will triumph and who will discover the secret behind this promise of “ultimate power.”

The Galactic Federation has heeded this strange, suspicious communication as well and has called for the help of Samus Aran.

Her mission: to discover the truth about this mysterious message, to protect against a potential threat, and to keep the ultimate power of the Alimbics from falling into the wrong hands.
Control Modes

You can select either Stylus Mode or Dual Mode to play the game. Both modes support right- and left-handed controls. You can change the control mode by selecting CONTROLS under OPTIONS (page 13). See pages 22-24 for additional control information.

**Stylus Mode**

Buttons control the Attack and Move commands. The stylus handles all other controls.

**Left-handed Stylus Mode**

- A, B, X, or Y Buttons: Move
- +Control Pad: Jump
- L Button: Boost
- R Button: Attack/Bomb
- Touch Screen: Control Samus (see pages 22-24)

**Dual Mode**

In addition to Attack and Move commands, the A, B, X, and Y Buttons control the character’s viewpoint (look up/down), direction, and jump commands.

surrounded by a red frame are on the Touch Screen.

Starting the Game
Make sure the Nintendo DS is turned off before you begin. Insert the Metroid
Prime Hunters Game Card into your Nintendo DS and press Power on the
Nintendo DS system. Touch the Metroid Prime Hunters panel to begin the game. If
you would like to use the Rumble Pak, insert the Rumble Pak into the Game Boy
Advance Game Pak slot before turning the power on.

When you turn on the Nintendo DS, the screen on the
right will be displayed. After reading the message,
tap on the Touch Screen to continue.

Touch “Metroid Prime Hunters” on the DS Menu
Screen to begin the game.
“*If you set your DS to Auto-Start mode, this step is
not necessary. Please see the Nintendo DS hardware
manual for details.

Once the title screen is displayed, follow the

-How to advance in the game-

**What is Adventure Mode?**
This story mode places you in the action as you battle enemies and solve puzzles as the main character, Samus Aran. Visit various planets and space stations within the Alimbic Cluster and gather all the Octoliths to acquire the ultimate power within.

**Select the destination**
Use the Tetra Galaxy Scan screen (page 16) to select a planet or space station.

**Explore**
After selecting a planet or space station, use all the abilities at your disposal (pages 22-31) to find an Octolith.

**Acquire Octoliths**
Once you have obtained an Octolith, return to Samus’s Gunship to continue on to your next destination.

**Game Over**
If your remaining energy hits zero, the game ends. Select Continue to resume from the last checkpoint.

**About Octoliths**
Like Samus, six other bounty hunters are exploring the Tetra galaxy seeking out the Octoliths. If one of these Hunters defeats you in battle, you may lose any Octoliths you’re carrying. If this happens, you must battle that Hunter again to reclaim your Octoliths.

**Starting Adventure Mode**
Select Adventure Mode from the main menu to begin.

**Select a File**
When playing for the first time, select one of the three files (A, B, or C) available. Your game will be saved to the file you select.
After selecting a file, you can delete or copy the data to another file. Note that once you delete saved data, it is gone forever (see page 19 for information on saving).

**Select a Destination**
From the Tetra Galaxy Scan screen, select a planet or a space station to explore (page 16).
On the Top Screen, you can view the Tetra Galaxy from inside your Gunship. The Tetra Galaxy map appears on the Touch Screen. Select the location you want to visit here.

- Change Ordinate Axis
  Slide the stylus up and down on the Ordinate Axis or use the +Control Pad to change the vertical line.

- Change Abscissa Axis
  Slide the stylus right and left on the Abscissa Axis or use the +Control Pad to change the horizontal line.

- Destination Name
  After selecting a destination, its name will appear on the Top Screen.

- Land Ship
  Tap Land Ship to land at the selected destination.

- Opposing Hunter at this destination
  If your opponent has an Octolith, this will also be displayed.

⚠️ Selecting a Destination ⚠️

Using the stylus, adjust the Ordinate and Abscissa Axes to select a planet or space station. Once LAND SHIP is displayed, touch the icon to visit the destination.

About the Tetra Galaxy

There are two planets and two space stations within the Alimbic Cluster in the Tetra Galaxy.

- **Celestial Archives**
  This space station was badly damaged by an unknown object and is currently in very unstable condition.

- **Alinos (The Volcanic Ruin)**
  This planet's ultra-high temperature once provided power for an Alinos city. In the ruins, visible reminders of their civilization can still be seen.

- **Vesper Defense Outpost**
  This small base once operated as a refueling station. It has been abandoned for a long time. A toxic fuel leak has frozen over the station.

- **Arcterra (The Ice Cave)**
  This planet is located at the farthest reaches of the Tetra Galaxy. Arcterra is a barren and frozen world with caves and underground catacombs.
Inside the Gunship

When you visit a space station or planet you have already been to, or when Samus goes back inside her ship, this screen will appear. Inside the Gunship, your energy and ammo will automatically be replenished.

**Current Status**

This screen displays your current number of Energy Tanks (page 21), Sub-weapon selection (pages 26-27), and current location.

Moving the Character

Move Samus in the desired direction by pressing on the +Control Pad.
If you are using the left-handed Stylus Mode (page 9), use the X Button to move forward, the B Button to move backward, the Y Button to strafe left, and the A button to strafe right.

Changing the Viewpoint/Direction Change

Sliding the stylus moves your point of view in any direction.

In right-handed Dual Mode (page 9), the X Button and the B Button look up and down, and the Y Button and the A Button turn you left and right. In left-handed Dual Mode, press up and down on the +Control Pad to look up and down, and press left and right on the +Control Pad to turn left and right.

Jumping

Quickly double-tap the Touch Screen to jump. Combine this move with the +Control Pad to jump in various directions.
In right-handed Dual Mode, use the R Button to jump. Use the L Button in left-handed Dual mode.

Switch to Morph Ball (Tap on the Alt-Form Icon)

Tap on the Alt-Form icon to transform Samus into the spherical Morph Ball. Tap the same icon again to return her to bipedal form (page 30-31).
Using the Scan Visor

When the Scan cursor appears on the screen, hold the L Button to scan an object. Once scanning is complete, information on the object will be displayed on the Touch Screen. Tap OK when you have finished reading. If there is any important information, that information will be entered into the Logbook (page 19). Certain mechanisms found in the game can be activated by scanning them.

Switching Visor Types

Touch and hold the Visor icon to change the Top Screen to the Scan Visor view. Tap the icon again to switch back to the Combat Visor.

While using the Scan Visor, you cannot use weapons.

Opening Locked Doors

Locked doors can be opened by shooting them with the appropriate weapon. Scan the door with the Scan Visor to determine which weapon to use.

Weapon Types
You can earn up to six different Sub-Weapons as you progress through the game.

- Power Beam
  Power Beam has a limited offensive capability, but it has excellent rapid-fire ability.

- Missile
  The Missile is more powerful than the Power Beam, and is capable of Charge Attacks. Samus’s Missiles have homing capability; its Charge Attack enhances the homing feature.

- Battlehammer
  The Battlehammer is a heavy-duty mortar-type weapon with moderate firing speed. The Battlehammer has no Charge Attack, but the rapid-fire attack more than makes up for it.
Judicator
The Judicator shoots energy that has been super-cooled to temperatures approaching absolute zero. If the beam hits hard ground, it will bounce around the environment. Normal attacks shoot a single shot while the Charge Attack shoots three shots simultaneously.

Volt Driver
The Volt Driver shoots high-velocity, rapid-fire energy blasts with a very high hit probability. This weapon’s Charge Attack launches an aerobomb that moves slowly toward its target. If the aerobomb strikes the target, it causes tremendous damage.

Magmaul
The Magmaul shoots projectiles of superheated magma. When charged, its projectiles become wider and explode on impact.

Shock Coil
The Shock Coil fires charged blasts of high-density neutrinos in concentrated bursts, sending multiple concussive waves toward its target. This weapon possesses no Charge Attack. Press and hold the L Button to fire the beam continuously.

Imperialist
The Imperialist is ideal for sniping. It fires a thin, powerful laser over long distances. Press the R Button to turn on the zoom feature, which increases the hit probability and power.

Use the L Button while using the left-handed control mode (page 9). You can zoom in if you double-tap the Sub-weapon icon (page 21) or with the SELECT Button if using Dual Mode controls.

About Items
Some items can be found by defeating enemies, and some are hidden in various locations in the world. Draw Energy Balls, Missiles, and Universal Ammo packs toward you by charging your weapon (page 26).

Move
Press the + Control Pad or slide the stylus on the Touch Screen to move the Morph Ball in any direction.

Boost Ball
Quickly slide the stylus in any direction on the Touch Screen to activate the Boost in that direction. This allows the Morph Ball to move at a higher speed for a short time. You can also boost by charging the R Button (L Button in left-handed control modes).

Bomb
Press the L Button to release a bomb. If you place the Morph Ball on top of the Bomb before it explodes, the impact of that explosion will propel the Morph Ball into the air.

Morph Ball Screen
By tapping on the Alt-Form Icon, Samus transforms herself into the Morph Ball and the viewpoint will switch to a third person view. If you tap on the icon again, Samus will return to her normal form.

While boosting, the Boost icon will blink.
Up to three Bombs can be deployed at once.
If you are a guest player, you can select only Samus as your Hunter. Once the download is completed, wait for the host player to start the game.

Select Your Hunter
Double-tap on the Hunter you wish to use for the battle. Wait for the other players to select their Hunters. In Single-Card play, Samus is the only selectable character.

Start the Battle
When everyone has made their selection, you can start the game. If you are playing a team battle, divide players into teams by touching the color bar. Tap on START GAME to begin the battle.

When You’re the Guest
If you are a guest player, you can select only Samus as your Hunter. Once the download is completed, wait for the host player to start the game.

For Players With the Game Card
If you are a guest player and you have a copy of Metroid Prime Hunters, you can join a multiplayer game following the steps on (pages 34-35). You can select any of the available Hunters. Your game results will be saved to your Hunter’s License (page 42).

Hosting a Game
To host a Single-Card game with up to four players, select Single-Card Play from the Multiplayer Mode. In this mode, the player with the game card will be the host and set the game rules. Everyone else will be guest players.

Please read DS Download Play on page 55 before you play.

Select an Arena
Select the Arena and the settings you would like to use for the game (pages 48-49). Only the “Battle” game mode is available with Single-Card Play. When you have finished choosing your settings, touch the in the lower right corner.

The downloaded game will be deleted once you turn off the power.
Creating/Joining a Game

The player who selects the CREATE GAME option hosts the game and determines the game criteria. The other players must select the host’s name in the JOIN GAME box to enter the hosted game.

Select Game Mode
The host selects a game mode from the seven modes available (pages 48-49).

Select the Stage
The host selects the Arena and game rules used for the game (pages 48-49). After the selections have been made, touch the checkmark in the lower-right corner of the screen.

Select Your Hunter
Tap twice on the Hunter you would like to play. If you don’t have enough players to join the game, the host can add a BOT (computer-controlled character) to play against. Tap on the + and select the characters to add to your battle.
- The host player can also play this mode with all-BOT players for additional hunting practice.

Start the Battle
Once all players are ready (including BOTS), the host can start the game. If playing with teams, first divide the players into teams by touching on the colored bar above or below the Hunter. Tap on START GAME to start.

Add Bot
Change the difficulty of the Bot by tapping on the icon. One ★ = easyTwo ★ = normalThree ★ = hard

Connection Problems?

If you cannot connect to Nintendo Wi-Fi Connection even when you select FIND A GAME or FRIENDS AND RIVALS, an error message and error code will be displayed.

Please read the separate Nintendo Wi-Fi Connection booklet for more details.

---

Nintendo Wi-Fi Connection allows multiple Metroid Prime Hunters owners to play together over the internet—even when separated by long distances:

- To play Nintendo DS games over the internet, you must first set up the Nintendo Wi-Fi Connection (Nintendo WFC) on your Nintendo DS system. Please see the separate Nintendo Wi-Fi Connection instruction booklet included with this game for directions on setting up your Nintendo DS.
- To complete the Nintendo WFC setup, you will also need access to a PC that has a wireless network device installed (such as a wireless router) and an active broadband or DSL Internet account.
- If you do not have a wireless network device installed on your PC, you can order a Nintendo Wi-Fi USB Connector (sold separately) directly from Nintendo. See the separate Nintendo WFC instruction booklet for more information.
- Nintendo Wi-Fi Connection game play uses more battery power than other game play. You may prefer to use the AC Adapter to prevent running out of power when using the Nintendo Wi-Fi Connection.
- You can also play Nintendo WFC compatible games at selected internet hotspots without additional setup.
- The Terms of Use Agreement which governs Nintendo Wi-Fi Connection game play is available in the Nintendo Wi-Fi Connection instruction booklet or online at www.nintendowifi.com/terms.

Please note that the DS system will shut down and must be restarted when making any Nintendo Wi-Fi Connection changes.

For additional information on the Nintendo WFC, setting up your Nintendo DS, or a list of available internet hotspots, visit www.nintendowifi.com (USA, Canada and Latin America) or call 1-800-895-1672 (USA/Canada only).
Find Game

Use the FIND A GAME option to connect to Nintendo Wi-Fi Connection and play against gamers from all over the world (page 48).

You cannot edit the Point Goal, Time Limit, or Team Play settings in a FIND GAME battle. Also, only Battle Mode is available.

▶ Set the Criteria

Select a specific region and opponent ranking to search for opponents. After you have selected your criteria, select SEARCH FOR GAME. After players meeting your criteria have been found, the game will advance to the Hunter selection screen.

Criteria

<table>
<thead>
<tr>
<th>REGION</th>
<th>To find an opponent from anywhere in the world, select WORLDWIDE. If you want to limit the search to North America, select LOCAL REGION.</th>
</tr>
</thead>
<tbody>
<tr>
<td>OPPONENT RANK</td>
<td>Use MATCH MY RANK to find opponents similar to your skill level.</td>
</tr>
</tbody>
</table>

▶ Select the Hunter

Tap on the Hunter you want to play, then tap again to confirm your selection.

▶ Select the Stage

Each player helps choose which stage to play. Make your selection and tap on ✔ to confirm. Once everyone has made a selection, the Arena will be decided by majority vote. If multiple choices receive the same number of votes, the Arena will be selected randomly from the choices.

Once the Arena is selected, the battle will start automatically.

Register your opponent in the RIVALS roster

Any players that you play against through "FIND GAME" may be added to your RIVALS roster from the Results screen. Tap on the player’s ADD RIVAL icon, then select either QUIT or PLAY AGAIN. If that player also tapped on the ADD RIVAL icon, then each of you will be registered to your opponent’s RIVALS roster.

If the other player didn’t tap on your ADD RIVAL icon, then that player will not be added to your RIVALS roster.
Choose a Hunter
Tap on the Hunter you want to use for the battle, then tap again to confirm. Wait for the other players to select their Hunters.

Start the Battle
Once you have at least two players in the game, the host can close the invitation and start the battle. If you want to play a team battle, divide players into separate teams. Tap on START GAME to begin.

Friends and Rivals
You can only play with the players you registered as FRIENDS or RIVALS. When you tap on the CREATE GAME icon, you can create a game as the host. You cannot choose FRIENDS or RIVALS if you do not register them.

Select Game Conditions
The host player has the ability to restrict players who can join the game. If you don’t want rivals to join the game, select NO on RIVALS. If you don’t want your friends to join, select NO on FRIENDS.

Game Mode and Stage Set up
Select the game mode you would like to play from the seven available game modes (pages 48-49). Then, choose the Arena and game conditions you would like to use (pages 48-49).

Send a Message to a Friend/Voice Chat
Send a message
If players are on your FRIENDS roster, the icon on the left will be displayed after all players have selected their Hunter. If you tap on this icon, the keyboard (page 45) will be displayed and friends can exchange messages before beginning a game.

Voice Chat
If the icon on the left is displayed on the screen, press the X Button to chat with other FRIENDS using Voice Chat. As with sending a message, you can only chat with people on your FRIENDS roster.

To protect your privacy, do not give out personal information such as last name, phone number, birth date, age, e-mail or home address when communicating with others.
Data Lock Switch
You can register up to 60 players on your FRIENDS and RIVALS rosters. If you register more than 60 players, the oldest player’s data will be deleted. If you want to make sure a player will not be deleted, tap the icon on the left of the player’s name to lock that player’s data. You can lock up to 57 players.

Edit Friends and Rivals
On the Edit screen, you can review other players’ information and add to or edit your FRIENDS and RIVALS rosters. The FRIENDS and RIVALS rosters are displayed on the Touch Screen.

FRIENDS and RIVALS
2. Input a FRIEND CODE to register that player (page 44).
3. Exchange information using the RIVAL RADAR feature (page 44).

How to register a FRIEND
1. Register the player after a completed FIND GAME battle (page 38).
2. Register the player after a completed FRIENDS AND RIVALS battle.
3. Exchange information using the RIVAL RADAR feature.

How to register a RIVAL
1. Register the player after a completed FIND GAME battle (page 38).
2. Input a FRIEND CODE to register that player (page 44).

About the Hunter License
The Hunter License is your own personal game profile. Various information is stored here, including your favorite weapon and game mode, number of wins, and total hours played.
Registering a FRIEND

Select ADD FRIEND in order to register a friend. Enter your friend’s FRIEND CODE on the screen displayed on the right, then tap on ☑ to confirm. When this is complete, enter your friend’s name.

A FRIEND CODE is the 12-digit code automatically assigned to you when you first connect to Nintendo Wi-Fi Connection.

Decide when you would like to meet up with your friend online, then connect to Nintendo Wi-Fi Connection. Registration will automatically take place. If you connect to Nintendo Wi-Fi Connection at different times, only the person who was connected later will be registered. The first person must connect again to be registered.

Your Personal FRIEND CODE
Give your personal FRIEND CODE to your friend when you want to register him/her on your FRIENDS roster.

Use RIVAL RADAR to add RIVALS

Select RIVAL RADAR from the Multiplayer Menu, then tap on the ☑ icon to start communication. If you come near someone who has set his/her DS on RIVAL RADAR, you can exchange your Hunter License (page 42) with up to three players at a time, and register those players on your RIVALS roster.

Delete a name from the roster

Select the player you want to delete from the roster, then tap on DELETE PLAYER to delete the data. On the confirmation screen, tap the ☑ icon.

How to use the Keyboard

The keyboard screen will be displayed when you send a message (page 41) or when registering a friend’s name on the FRIENDS roster. Use the Touch Screen keyboard to enter text.

Special Keys

- CANCEL: Tap on the ☑ icon to return to the previous page.
- SHIFT/CAPS: Switch font types.
- SPACE: Put a space between text.
- SEND/CONFIRM: Tap on the ☑ icon to send a message to your friend.
- BACKSPACE: Tap on the ☑ icon to backspace.
Multiplayer Basic Rules

Battle other players to complete the selected objectives. Watch your Energy Gauge: once the gauge goes down to zero, you’re defeated. Press the L Button (or, if you’re left-handed, press the R Button) to respawn your character in a different spot.

Action Controls

Basic controls are the same as in Adventure Mode. Although you cannot switch visors or view the world map, all other commands are available (pages 22-29). Other characters can use Alt-Forms by touching the Alt-Form icon. Each character has its own unique movement and attack methods, so try them all!

The Results Screen

When time expires or the game requirements are met, the battle ends. Each player’s rank appears on the Results screen. Select PLAY AGAIN to start the next game or QUIT to exit Multiplayer mode.

Multiplayer Screen

Depending on the Hunter you choose, the Multiplayer Mode display screen will be different. However, the basics will be the same as the Adventure Mode (pages 20-21). Hold START to check the current score.

The game does not pause while you are viewing the current score.

The screenshot on the right is the Multiplayer Mode display screen for Samus.

Energy Gauge

When your character receives damage, the gauge will be reduced. If the Energy Gauge reaches zero, your character is defeated. Your Energy Gauge can reach a maximum of 199 energy units.

Screen Switch Icon

Tap this icon or use the L and R button to review the details of your battle results.
Setting Game Criteria

There are seven different multiplayer game modes. Each mode has different objectives. Detailed rules can be modified in the Arena Setting screen. Please see pages 32-35 for more information.

Advanced Settings

Tap on ADVANCED SETTINGS on the Arena Settings screen to modify detailed rule options.

Game Types

PRIME HUNTER
The first player to make a Kill becomes the powerful “Prime Hunter.” The remaining players must then defeat this player to take the title. Compete against each other until Time Goal is met, or Time Limit has expired. If the Time Limit expires, the player who hold the title longest is the winner.

CAPTURE
Attack enemy territory and steal their Octoliths, then bring them back to your own territory. The team who receives the specified number of points first wins. You can set the number of Octoliths required to win, the Time Limit, and Auto Reset, which returns the Octolith to base when the carrying Hunter is defeated.

NODES
Fight over the Nodes placed in the stage. When you stand on an uncontested node for ten seconds, you capture it. You get points for nodes under your control.

Advanced Settings

Tap on ADVANCED SETTINGS on the Arena Settings screen to modify detailed rule options.

- Show Hunters on Radar
- Damage Level
- Friendly Fire
- Available Weapons

- BATTLE
  Compete to see how many other Hunters you can defeat. You can set the Point Goal needed to win the game, the Time Limit, and Team Play. (Choosing this will divide players into two teams.)

- SURVIVAL
  Battle against other players—the last one standing is the winner. You can set Lives (the number of times you can respawn your Hunter) and Team Play.

- BOUNTY
  Pick up the Octolith and take it to a specified location to earn points. The first player to deliver the specified number of Octoliths to the goal wins. You can set the number of Octoliths required to win, the Time Limit, Team Play, and Auto Reset, which returns the Octolith to base when the carrying Hunter is defeated.

- DEFENDER
  Attempt to secure a designated area. You will earn time while you are the only Hunter to occupy it.
**Hunters & Affinity Weapons**

Samus and the other six Hunters all have unique and different abilities and Alt-Forms. Using each Hunters’ Affinity Weapon strengthens that Hunter’s weapon power and weapon effects.

**Samus Aran**
- **Weapon:** Missile
- The Missile can track enemy movements. The charge attack increases the Missile’s effectiveness.

**Noxus**
- **Weapon:** Judicator
- If Noxus uses the charge attack with the Judicator, its shots freeze the target.

**Spire**
- **Weapon:** Magmaul
- The Magmaul’s charge attack has a larger explosion that burns its target.

**Trace**
- **Weapon:** Imperialist
- While using this weapon, Trace’s body will be invisible as long as he remains stationary.

**Weavel**
- **Weapon:** Battlehammer
- When the Battlehammer strikes its target it explodes, causing additional damage.

**Kanden**
- **Weapon:** Volt Driver
- When a charged Volt Driver strikes its target, the target’s vision is temporarily distorted.

**Sylux**
- **Weapon:** Shock Coil
- The Shock Coil drains the target’s energy.

**Items**

Find the items placed across each stage and use them to your advantage. The items you can find differ depending on the game mode and rules you select.

- **Energy Balls (M: Blue, L: Yellow)**: Restores energy level. (M: 60, L: 100)
- **Octolith**: Restores energy level. (M: 60, L: 100)
- **Missile (S, L)**: Restores Missile ammo. (S: 5, L: 10)
- **UA/Universal Ammo (S, L)**: Restores Sub-weapon ammo. Number restored depends on weapon.
- **Affinity Weapon**: Earn the Hunter’s preferred Affinity weapon.
- **Double Damage**: Doubles attack power for a limited time.
- **Cloak**: Turns your character invisible for a limited time.
- **Deathball**: Changes character to Alt-Form to quickly destroy its enemies by touching them.
- **Octolith**: Take this back to the goal or base to earn points.
**Trace**
Trace is a Kriken, one of the most hated and feared races in the galaxy. His quest for ultimate power consumes him, and his every thought is bent toward bringing supremacy to the Krikens and honor to himself.

**Sylux**
Sylux is a resourceful tracker, and a deadly sharpshooter who harbors an intense hatred for the Galactic Federation and for Samus Aran for assisting the Galactic Federation in the past.

**Kanden**
A lab experiment gone awry, Kanden was created to be the ultimate soldier, immortal and relentless. He is a ferocious, deadly and dangerously unpredictable hunter. To prove himself as the finest bounty hunter of them all, he now seeks to attain the ultimate power.

**Weavel**
This cybernetic warrior is part of a Space Pirate special unit. Badly injured in a past battle with Samus Aran, Weavel's body has been reconstructed and fused with a Power Suit. The rebuilt Weavel has become a formidable and ferocious warrior.

**Alt-Forms:**
- Alt-Form: Lockjaw
- Alt-Form: Triskelion
- Alt-Form: Halfturret
- Alt-Form: Stinglarva
**NOXUS**

Noxus is a member of the Vhozon, a proud and reclusive race. He is determined to get the ultimate power first to prevent it from falling into the hands of lawbreakers or the unworthy.

**SPIRE**

Spire is the sole remaining member of the Diamonts, an ancient silicon-based life-form. He hopes that finding the Alimbics' source of ultimate power and solving the mystery of their lost race will help him solve the mystery of his own.

**DS DOWNLOAD PLAY**

This section explains how to establish a link for DS Download Play.

**What you need:**

- Nintendo DS systems ———— 1 per player
- Metroid Prime Hunters Game Cards ———— 1

**What to Do (For the Parent Unit):**

1. Make sure that all DS systems are turned off, then insert a Metroid Prime Hunters Game Card into your unit.
2. Turn on the power for all systems. The DS Menu Screen will appear.
3. Touch the “Metroid Prime Hunters” panel.
4. Follow the instructions on page 32.

**Steps - All systems excluding P1**

1. Turn on the power of all the systems.
   The DS menu screen will appear.
2. Touch the “DS Download Play” panel.
   The Game List Screen will appear.
3. Touch the “Metroid Prime Hunters” panel. The Download Confirmation Screen will appear.
4. When the correct software appears, touch “Yes.”
   The parent unit will then start the download process.
5. Next, follow the instructions on page 32.

**What you need:**

- Nintendo DS systems ———— 1 per player
- Metroid Prime Hunters Game Cards ———— 1
Take note of the following guidelines for DS Download Play.

- The icon on the DS and game menu screens shows that there is a wireless function associated with an activity. Choose menus with this icon to engage in wireless activities. Please do not choose this option in places where wireless transmission is forbidden, such as airplanes or hospitals.

- The icon that appears when you are connected to a wireless signal indicates the strength of the signal. The stronger the signal, the smoother your wireless play will be.

<table>
<thead>
<tr>
<th>Within 30 ft.</th>
<th>4</th>
<th>3</th>
<th>2</th>
<th>1</th>
</tr>
</thead>
<tbody>
<tr>
<td>Signal Bars</td>
<td>Weak</td>
<td>Medium</td>
<td>Strong</td>
<td></td>
</tr>
</tbody>
</table>

The power light will blink when wireless functionality is active.

- To make the most of your wireless experience, remember the following:
  - Keep all DS consoles within 30 feet of each other, or at least close enough that you see two or more bars of signal strength.
  - Please arrange the DS consoles so they face each other. Make sure there are no people or other obstructions between the DS consoles.
  - Play may sometimes be affected by devices that cause interference, such as GBA Wireless Adapters, Wavebirds, WLAN, microwaves, or cordless appliances. If this occurs, move away from the interference-causing device or turn it off.

Troubleshooting

- Nintendo DS Rumble Pak is making a sound
  - When the Rumble Feature is on, the Rumble Pak will make sounds during game play.

- Does not rumble

Warranty & Service Information

You may need only simple instructions to correct a problem with your product. Try our website at www.nintendo.com or call our Consumer Assistance Hotline at 1-800-255-3700, rather than going to your retailer. If repairs are needed, contact us first.

HARDWARE WARRANTY
Nintendo of America Inc. (“Nintendo”) warrants to the original purchaser that the hardware product shall be free from defects in material and workmanship for twelve (12) months from the date of purchase. If a defect covered by this warranty occurs during this warranty period, Nintendo will repair or replace the defective hardware product or component, free of charge. The original purchaser is entitled to this warranty only if the date of purchase is registered at point of sale or the consumer can demonstrate, to Nintendo’s satisfaction, that the product was purchased within the last 12 months.

GAME & ACCESSORY WARRANTY
Nintendo warrants to the original purchaser that the product (games and accessories) shall be free from defects in material and workmanship for a period of three (3) months from the date of purchase. If a defect covered by this warranty occurs during this three (3) month warranty period, Nintendo will repair or replace the defective product, free of charge.

SERVICE AFTER EXPIRATION OF WARRANTY
Please try our website at www.nintendo.com or call the Consumer Assistance Hotline at 1-800-255-3700 for troubleshooting information and repair or replacement options and pricing. In some instances, it may be necessary for you to ship the complete product, FREIGHT PREPAID AND INSURED FOR LOSS OR DAMAGE, to Nintendo. Please do not send any products to Nintendo without contacting us first.

WARRANTY LIMITATIONS

THIS WARRANTY SHALL NOT APPLY IF THIS PRODUCT: (a) IS USED WITH PRODUCTS NOT SOLD OR LICENSED BY NINTENDO (INCLUDING, BUT NOT LIMITED TO, NON-LICENSED GAME ENHANCEMENT AND COPIER DEVICES, ADAPTERS, AND POWER SUPPLIES); (b) IS USED FOR COMMERCIAL PURPOSES (INCLUDING RENTAL); (c) IS MODIFIED OR TAMPERED WITH; (d) IS DAMAGED BY NEGLIGENCE, ACCIDENT, UNREASONABLE USE, OR BY OTHER CAUSES UNRELATED TO DEFECTIVE MATERIALS OR WORKMANSHIP; OR (e) HAS HAD THE SERIAL NUMBER ALTERED, DEFACED OR REMOVED.

ANY APPLICABLE IMPLIED WARRANTIES, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE HEREBY LIMITED TO THE WARRANTY PERIODS DESCRIBED ABOVE (12 MONTHS OR 3 MONTHS, AS APPLICABLE). IN NO EVENT SHALL NINTENDO BE LIABLE FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES RESULTING FROM THE BREACH OF ANY IMPLIED OR EXPRESS WARRANTIES. SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS OR EXCLUSION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES, SO THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU.

This warranty gives you specific legal rights. You may also have other rights which vary from state to state or province to province.

Nintendo’s address is: Nintendo of America Inc., P.O. Box 957, Redmond, WA 98073-0957 U.S.A.

This warranty is only valid in the United States and Canada.
