PLEASE CAREFULLY READ THE SEPARATE HEALTH AND SAFETY PRECAUTIONS BOOKLET INCLUDED WITH THIS PRODUCT BEFORE USING YOUR NINTENDO® HARDWARE SYSTEM, GAME CARD OR ACCESSORY. THIS BOOKLET CONTAINS IMPORTANT HEALTH AND SAFETY INFORMATION.

IMPORTANT SAFETY INFORMATION: READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES.

⚠️ WARNING - Seizures

- Some people (about 1 in 4000) may have seizures or blackouts triggered by light flashes or patterns, such as while watching TV or playing video games, even if they have never had a seizure before.
- Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.
- Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:
  - Convulsions
  - Eye or muscle twitching
  - Loss of awareness
  - Altered vision
  - Involuntary movements
  - Disorientation
- To reduce the likelihood of a seizure when playing video games:
  1. Sit or stand as far from the screen as possible.
  2. Play video games on the smallest available television screen.
  3. Do not play if you are tired or need sleep.
  4. Play in a well-lit room.
  5. Take a 10 to 15 minute break every hour.

⚠️ WARNING - Repetitive Motion Injuries and Eyestrain

Playing video games can make your muscles, joints, skin or eyes hurt after a few hours. Follow these instructions to avoid problems such as tendinitis, carpal tunnel syndrome, skin irritation or eyestrain:
- Avoid excessive play. It is recommended that parents monitor their children for appropriate play.
- Take a 10 to 15 minute break every hour, even if you don’t think you need it.
- When using the stylus, you do not need to grip it tightly or press it hard against the screen. Doing so may cause fatigue or discomfort.
- If your hands, wrists, arms or eyes become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists, arms or eyes during or after play, stop playing and see a doctor.

⚠️ WARNING - Radio Frequency Interference

The Nintendo DS can emit radio waves that can affect the operation of nearby electronics, including cardiac pacemakers.
- Do not operate the Nintendo DS within 9 inches of a pacemaker while using the wireless feature.
- If you have a pacemaker or other implanted medical device, do not use the wireless feature of the Nintendo DS without first consulting your doctor or the manufacturer of your medical device.
- Observe and follow all regulations and rules regarding use of wireless devices in locations such as hospitals, airports, and on board aircraft. Operation in those locations may interfere with or cause malfunctions of equipment, with resulting injuries to persons or damage to property.

⚠️ WARNING - Battery Leakage

The Nintendo DS contains a rechargeable lithium ion battery pack. Leakage of ingredients contained within the battery pack, or the combustion products of the ingredients, can cause personal injury as well as damage to your Nintendo DS.
- If battery leakage occurs, avoid contact with skin. If contact occurs, immediately wash thoroughly with soap and water. If liquid leaking from a battery pack comes into contact with your eyes, immediately flush thoroughly with water and see a doctor.
- To avoid battery leakage:
  - Do not expose battery to excessive physical shock, vibration, or liquids.
  - Do not disassemble. Attempt to repair or deform the battery.
  - Do not dispose of battery pack in a fire.
  - Do not touch the terminals of the battery, or cause a short between the terminals with a metal object.
  - Do not peel or damage the battery label.

**Menu Controls**

You can move the map screen (page 12) and the action screen (page 14) left and right by pressing the L and R Buttons.

**Touch Controls**

You can choose a world to move to (page 12), use stored items (page 14), or use Touch Screen controls to move, enter pipes and doors, climb ropes and vines, or tap to select, confirm, or use Touch Screen controls.

**Microphone Controls**

You can use the microphone to enter pipes and doors, climb ropes and vines, or tap to select, confirm, or use Touch Screen controls.

**Stopping Your Game**

Activate Sleep Mode (page 16) by closing your system at any time when you’re playing in single-player mode. Open your system to continue playing your game. If the system loses power during Sleep Mode, you’ll be returned to your previous save point next time you play. If the system is fully charged, you can remain in Sleep Mode for roughly one week. If the charge light changes from green to red during Sleep Mode, the system is almost out of power, and the system should be plugged in and charged at once. Sleep Mode’s duration may change depending on the battery charge, game play, and temperature of the game system.

Open and close the pause menu (page 16)

EMERGENCY NEWS FLASH!
Princess Peach has been kidnapped! While enjoying a nice walk with Mario, the beloved ruler of the Mushroom Kingdom was whisked away by an unknown assailant. How could this happen with Mario around?

According to eyewitnesses, the walk was going swimmingly when Mario and the princess spotted smoke billowing out of Peach’s Castle. The mustachioed marvel immediately jumped into action and sped off toward the fire. The moment he left her side, the princess vanished!

Who’s behind Princess Peach’s disappearance? Who’s behind the attack on Peach’s Castle? Are the two incidents related? Didn’t Bowser Jr. once think Princess Peach might be his mother?

Looks like Mario’s going to need all the Mega Mushrooms he can find to get to the bottom of this mess!

Map Screen

Use to move Mario across the map. Press A to begin the course Mario is standing on. Clear a course to move on to the next one, and clear the castle at the end of a world to go to the next world.

Course Name and Star Coins
The course name and the number of Star Coins collected on the course. Flashing numbers indicate that Mario has collected the coins but not yet reached the course goal. (Page 15)

The total number of Star Coins (Page 17) Mario’s collected on all courses.

Courses
- Open Courses
- Cleared Courses
- Unopened Courses
- Stored Item (Page 14)
- Remaining Lives (Page 14)
- Progress bar (Page 14)
- World Map

You can move to a different world by tapping one from this map. You cannot move to courses marked in black.

Towers / Castles
Mario battles Bowser Jr. at the end of each tower course, and he fights different bosses at the end of each castle course. You’ll be able to save once you complete a tower or castle course.

Pay the number of Star Coins shown on these signs, and they’ll vanish from the board to open new paths. Once you spend the Star Coins, you can save your progress. (Page 16)

Flying ? Blocks / Hammer Bros.
If you see the Flying ? Block or a Hammer Bro. on a course marker on the map screen, then you’ll know the block or bro will appear somewhere on that course. Check your progress bar for the mark to see where they might be.

Toad House
Along the way, you’ll see different Toad Houses where you can get items. Hit blocks or panels on-screen to get items. In the green Toad House, you can earn a lot of 1-Ups, but be careful if you hit the block with the Bowser card, the minigame will end. You’ll get to keep your 1-Ups, but you won’t get to hit any more blocks.

Star Coin Signs
Pay the number of Star Coins shown on these signs, and they’ll vanish from the board to open new paths. Once you spend the Star Coins, you can save your progress. (Page 16)
**Action Screen**

- **Coins Collected** (Page 17)
- **Time Remaining**
  - If you don’t reach the course goal before time runs out, you’ll lose a life. (Page 15)
- **Course Name**
  - Mario’s head shows where you are on the current course. The farther you go to the right, the closer you are to the course goal.
- **Remaining Lives**
  - If Mario falls in a pit, gets hit by an enemy, etc., he’ll lose a life. If he loses all of his lives, it’s game over. (Page 15)
- **Score**
  - This is how many points you’ve earned so far. You gain points by breaking blocks and defeating enemies.
- **Star Coins**
  - This shows how many Star Coins you’ve collected on the current course. All courses have three Star Coins.
- **Items**
  - If Mario picks up an item when he’s powered up (Page 22), the item goes into your reserve spot on the Touch Screen. To use the item, simply tap it to make it drop onto the action screen.

**Midway Points and Goals**

- **Midway Points**
  - Not all courses have midway points
  - When you reach a midway point on a course, a flag will appear on the action screen, and the midway point will appear on your progress bar. If you replay the course, you’ll start from the midway point. However, if you play another course and then return to this course, you’ll have to start from the beginning.
- **Goals**
  - Every course has a goal at the end. When you reach the end of a course, face the pole and jump as high as you can. The higher Mario grabs on to the pole, the more points you’ll earn.

**Blunders and Game Over**

- Getting whacked by enemies and falling in pits makes Mario lose a life. If Mario loses all his lives, your game ends, and you’ll have to start from your last saved point. If this happens, choose either Continue or Quit.
Pause Menu

Press \textit{START} on the map or action screen to halt the game and open the pause menu. Select menu items with \textit{+} and confirm with \textit{A}.

- **Continue**
  Close the pause menu and return to the game.

- **Return to map**
  Leave the action screen and return to the map screen. This option appears only in the pause menu on the action screen.

- **Options**
  Adjust sound and control settings. (page 8)

- **Quit**
  Quit without saving and return to the title screen.

Saving and Sleep Mode

You’ll see a screen like the one shown here when you clear tower and castle courses. (Page 13) Choose Yes to save your game progress. If you’re not able to save, you can halt your game by using Sleep Mode. (Page 5)

Items and Gimmicks

Each course is crammed full of items and gimmicks. Here’s a small list of some you’ll run across:

- **? Block**
  Hit ? Blocks to find coins or items.

- **Coin**
  Gather 100 coins to gain an extra life.

- **Starman**
  Snag this to gain temporary invincibility. You’ll also be able to dash and jump much farther.

- **1-Up Mushroom**

**Dash**  
Left or right on + + Dash Button to move from a walk to a dash. Mario can dash over one-block-wide gaps without falling into them.

**Duck**  
Down on + to duck. You can dash while ducking.

**Jump and Stomp**  
Press the jump button to jump; press and release for short jumps, and press and hold for longer jumps. Jumping on top of enemies is the most basic way to attack them. If you press the jump button right when you land on an enemy, you’ll be able to jump higher than usual.

**Hit Blocks from Below**  
Jump Button  
Jump while standing beneath blocks to hit (and sometimes break) them. Hitting blocks from underneath allows you to attack any enemies standing on them.

**Ground Pound**  
Press down on while jumping  
Press down on + while jumping to perform a ground pound. Use this to attack enemies below you, as well as break bricks.

**Wall Jump**  
While sliding down walls, press in the direction of the wall and press the jump button to kick off the wall and jump upwards.

**Double Jumps**  
Dash Button then Jump Button  
Jump while dashing, then press the jump button again just as Mario touches down to perform high double and triple jumps.
Entering Pipes and Doors
Press in the direction of pipe entrance

Press in the direction of a pipe entrance to enter it. Press up on to go through doors.

Swim + Jump Button

In the water, press and hold left or right on and press the jump button to swim.

Press left or right on to sidle slowly along cliffs. Mario can still make short jumps while doing this.

Grab & Throw Items

Hit shelled enemies to make them hide inside their shells. Then, press the dash button to pick them up, and release the dash button to throw them. Shelled enemies aren’t the only enemies you can pick up.

Hang and Go

Mario's Power-ups

Mario
Mario in his standard form. Get hit by an enemy or fall into a pit, and he'll lose a life.

Super Mario
Mario grows bigger and stronger when he gets a Super Mushroom. If he's hit by an enemy, he'll shrink back to standard Mario.

Fire Mario
Press the dash button to hurl fireballs.

Mega Mario
You can find Mega Mushrooms in ? Blocks and Flying ? Blocks. You can also get them from certain Toad Houses. Grab a Mega Mushroom to make Mario grow to colossal size for a short time. Mega Mario can smash enemies, blocks, and even pipes simply by running into them.

Mega Meter
This meter keeps track of the damage Mega Mario causes to blocks, bricks, etc. If the Mega Meter is above a certain level when the Mega Mushroom wears off, that many 1-Up Mushrooms will appear.
Mini Mario

Snag a Mini Mushroom to shrink Mario down to micro size. In this teeny form, Mario can go into small pipes and travel down tiny paths. Plus, he’s so light that he can perform floating jumps and run on water! If he gets hit by enemies, though, Mini Mario’s done for.

Shell Mario

When Mario picks up a special blue koopa shell, he’ll transform into Shell Mario. Press left or right on while holding the dash button to perform a shell dash and go crashing into enemies. If Mario gets hit by an enemy when he’s not shell dashing, he’ll lose his shell and become Super Mario.

Shell Dash

Hit enemies while shell-dashing to send them flying. If you hit walls or blocks, Mario will go careening off in the opposite direction. To stop shell-dashing, simply release the dash button.

MARIO VS LUIGI
Two Players
Mario Vs. Luigi: Getting Started

Big Stars appear randomly all over the course. Move quickly and grab the stars before your opponent does.

Establishing DS Wireless Link (DS Download Play)

This section explains how to establish the link for DS Download Play.

What You Will Need to Play Mario vs. Luigi:
- Nintendo DS systems: One for each player
- New Super Mario Bros. Game Card: One

What You Will Need to Play Minigames:
- Nintendo DS systems: One for each player
- New Super Mario Bros. Game Card: One

You can all play New Super Mario Bros. even if you do not have enough DS Game Cards for all players.
Begin with the distance between systems at about 30 feet or less and move closer or farther apart as desired, keeping the signal strength at two or more bars for best results.

Keep the maximum distance between systems at 65 feet or less. The systems should face each other as directly as possible. Avoid having people or other obstructions between the DS systems.

Avoid interference from other devices. If communication seems to be affected by other devices (wireless LAN, microwave ovens, cordless devices, computers), move to another location or turn off the interfering device.

Please be aware of the following concerning wireless communication:

- Do not operate the Nintendo DS within 9 inches of a pacemaker while using the wireless feature.
- Observe and follow all regulations and rules regarding use of wireless devices in locations such as hospitals, airports, and onboard aircraft. Operation in those locations may interfere with or cause malfunctions of equipment, with resulting injuries to persons or damage to property. During wireless game play, an icon will appear on either the upper or lower display showing the signal strength of the wireless signal. The icon has four modes depending on the signal strength, as shown below.

Warranty & Service Information

You may need only simple instructions to correct a problem with your product. Try our website at www.nintendo.com or call our Consumer Assistance Hotline at 1-800-255-3700, rather than going to your retailer. Hours of operation are 8 a.m. to 7 p.m., Pacific Time, Monday - Sunday (times subject to change). If the problem cannot be solved with the troubleshooting information available online or over the telephone, you will be offered express factory service through Nintendo. Please do not send any products to Nintendo without contacting us first.

HARDWARE WARRANTY
Nintendo of America Inc. (“Nintendo”) warrants to the original purchaser that the hardware product shall be free from defects in material and workmanship for twelve (12) months from the date of purchase. If a defect covered by this warranty occurs during the warranty period, Nintendo will repair or replace the defective hardware product or component, free of charge. The original purchaser is entitled to this warranty only if the date of purchase is registered at point of sale or the consumer can demonstrate, to Nintendo’s satisfaction, that the product was purchased within the last 12 months.

GAME & ACCESSORY WARRANTY
Nintendo warrants to the original purchaser that the product (games and accessories) shall be free from defects in material and workmanship for a period of three (3) months from the date of purchase. If a defect covered by this warranty occurs during this three (3) month warranty period, Nintendo will repair or replace the defective product, free of charge.

SERVICE AFTER EXPIRATION OF WARRANTY
Please try our website at www.nintendo.com or call the Consumer Assistance Hotline at 1-800-255-3700 for troubleshooting information and repair or replacement options and pricing. In some instances, it may be necessary for you to ship the complete product, FREIGHT PREPAID AND INSURED FOR LOSS OR DAMAGE, to Nintendo. Please do not send any products to Nintendo without contacting us first.

WARRANTY LIMITATIONS
This warranty shall not apply if this product: (a) is used with products not sold or licensed by Nintendo (including, but not limited to, non-licensed game enhancement and copier devices, adapters, and power supplies); (b) is used for commercial purposes (including rental); (c) is modified or tampered with; (d) is damaged by negligence, accident, unreasonable use, or by other causes unrelated to defective materials or workmanship; or (e) has had the serial number altered, defaced or removed.

Any applicable implied warranties, including warranties of merchantability and fitness for a particular purpose, are hereby limited in duration to the warranty periods described above (12 months or 3 months, as applicable). In no event shall Nintendo be liable for consequential or incidental damages resulting from the breach of any implied or express warranties. Some states do not allow limitations on how long an implied warranty lasts or exclusion of consequential or incidental damages, so the above limitations may not apply to you.

This warranty gives you specific legal rights. You may also have other rights which vary from state to state or province to province.

Nintendo’s address is: Nintendo of America Inc., P.O. Box 957, Redmond, WA 98073-0957 U.S.A.
