This is the Platinum version of Pokémon, an extension of the Diamond and Pearl versions with new story elements and expanded play features, including different types of Pokémon. Pokémon Platinum Version can communicate with the Diamond and Pearl versions and Pokémon Battle Revolution using Nintendo DS Wireless Communications. It can also be linked to the Ruby, Sapphire, FireRed, LeafGreen, and Emerald versions using the Dual Slot function of the Nintendo DS. It is not possible to communicate with the Red, Blue, Yellow, Gold, Silver, or Crystal versions. This product is also NOT compatible with Pokémon Stadium or Pokémon Stadium 2 for the Nintendo 64, nor Pokémon Colosseum, Pokémon XD, or Pokémon Box for the Nintendo GameCube.

- * It is also not compatible with Pokémon Battle e-Cards or the WiiWare title My Pokémon Ranch.
- * The Dual Slot function is available only with Nintendo DS and Nintendo DS Lite.

YOUR ADVENTURE BEGINS

In this world live creatures called Pokémon. Humans and Pokémon have lived, worked, and played together in harmony for ages. Nevertheless, there are still numerous mysteries surrounding them. In order to find out more about these creatures, many scientists—such as Professor Rowan of Sandgem Town—have dedicated their lives to Pokémon research.

One day you and your friend decide to travel to nearby Sandgem Town. You plan on asking the famous Professor Rowan to give you each a Pokémon. However, outside your hometown, the grass grows wild, and so do the Pokémon living in that grass. You both know that it's dangerous to walk in the grass without Pokémon of your own to protect you, but your friend says he's got a plan to keep you both safe...

* In Pokémon Platinum Version, you can choose from either a boy or girl character. No matter which one you choose, there is no difference in the story. However, it is recommended that you choose a character with the same gender as yours.

* Pokémon Platinum Version uses the clock feature of the Nintendo DS system. Please do not change the Nintendo DS system you are using or change the time setting of your Nintendo DS system. This will affect many aspects of your game, including Berry growth, lucky-number drawings, massages, and the Pal Park.

OBJECT OF THE GAME

The Sinnoh region is filled with many strange and mysterious wonders. Your adventure will mature you as a Trainer and have you cross paths with many people. Only with the help of friends and the cooperation of your Pokémon will you be able to complete this daring adventure.

🕒 Catch Many Different Pokémon!

One major goal is to complete your Pokédex by collecting lots of different kinds of Pokémon. When you catch a Pokémon, its data will automatically be recorded in your Pokédex. Visit Professor Rowan every once in a while to have him rate how complete your Pokédex is.

* In order to catch all the Pokémon in the Sinnoh region and complete your Pokédex, you must trade with the Diamond and Pearl versions, as well as with other Pokémon versions. Work together with your friends to get your Pokédex as complete as possible!

🕒 Become the Best Trainer Ever!

Another goal is to improve your skills as a Pokémon Trainer. During your adventures, you'll battle wild Pokémon, as well as other Trainers. Both types of battle will help you and your Pokémon become stronger. There are also Pokémon Gyms in the Sinnoh region, each of which has a very talented Trainer known as the Gym Leader. Only those who defeat the Gym Leaders will be accepted as true Trainers. It will be a tough fight, but you must be brave and charge into battle!

Exit

Press either the X Button or B Button to close the Menu Screen.

ABOUT BATTLES

There are two kinds of battles. One is when you fight against wild Pokémon, and the other is when you battle other Pokémon Trainers. When a battle starts, the Pokémon on the top left of your Party Pokémon will appear first. If you win the battle, each Pokémon that participated in the battle will receive a share of the Experience Points (see page 11). However, if all your Pokémon faint, you will lose the battle, lose some of your money, and be returned to the last Pokémon Center you used.

Fighting Wild Pokémon and Battling Pokémon Trainers

When you pass through places where Pokémon live, such as caves and grassy areas, wild Pokémon may attack. When they do, you can use a Poké Ball (or another type of Ball) to catch them (see page 11).

If you make eye contact with a Trainer, or walk in front of one, the Trainer will challenge you to a battle. You cannot run from a battle against a fellow Pokémon Trainer. The battle will continue until one of you loses all of your Pokémon. If you are victorious, you will be rewarded with prize money.

* You cannot capture an opponent's Pokémon.

During a battle against a Trainer, the number of Pokémon you each have will be indicated by a \odot symbol. To win the battle, defeat all of your opponent's Pokémon.

The Battle Screen

HP Pokémon's health. When its HP reaches 0, the Pokémon faints and can't battle anymore.

Experience Points Displays the Experience Points in the current level. When the gauge becomes full, the Pokémon's level goes up (see page 11).

Opponent's Party
Pokémon (not

Pokémon)

- Fight** Display the Pokémon's Moves. Select one to attack. Each Move can be used a particular number of times. When PP reaches 0, the Pokémon can't use that Move anymore.
- Bag** Open your Bag. Gain access to helpful items.
- Run** Attempt to escape from a battle. You cannot run from a battle against a Trainer.
- Pokémon** Switch Pokémon or look at a Pokémon's summary.
-  Watch for shaking Poké Balls as they contain Pokémon that are close to gaining a level.

Pokémon (Switch Pokémon)

Touch "POKÉMON" or select "POKÉMON" by using the  Control Pad and pressing the A Button. On the next screen, choose the Pokémon you want to switch, then confirm by selecting "SHIFT".

When Status Is Affected

When your Pokémon gets hit by an opponent's attack, your Pokémon's status might be affected. However, you can use your items to help your Pokémon recover. Alternatively, you can take it to a Pokémon Center where it will recover completely.

Poison Gradually decreases HP during the battle. If the Poison isn't cured, HP will continue to decrease even after the battle is finished.

** When affected by Poison, the screen will shake and a sound will be heard.*

Confuse If a confused Pokémon uses a Move during battle, there is a chance it could attack itself. The Pokémon will recover when it goes back to its Poké Ball.

Faint When its HP reaches 0, the Pokémon faints and can no longer battle.

There are other status problems, such as **Paralyze**, **Sleep**, **Frozen**, **Burn**, and so on.

CATCHING POKÉMON

You can catch wild Pokémon with Poké Balls (see page 13). While in battle, touch "BAG" or select it by using the  Control Pad and pressing the A Button, then select "POKÉ BALLS." Select a Poké Ball you want to use and throw it at the Pokémon to try to catch it. After you have caught the Pokémon, you can give it a nickname.

** If your Pokémon party is full with six Pokémon, the new Pokémon will automatically be transferred to Someone's PC (the Pokémon Storage System).*

Where to Find Pokémon

Pokémon inhabit caves and areas with tall grass. Certain Pokémon only appear in the morning or in the late evening. Water-type Pokémon might appear when you are crossing a lake or ocean by using the HM Surf. You can also use a Fishing Rod by the water; or while crossing water; to catch some Pokémon. Press the A Button when "!" appears.

Tips for Catching Pokémon

You must first weaken the Pokémon by attacking it until its HP is low. It will also be easier to catch the Pokémon if you put it to Sleep, Poison it, and so on.

RAISING POKÉMON

Experience Points

When you win a battle, Experience Points are given to Pokémon that fought in the battle. When the Experience Point gauge fills completely, a Pokémon's level goes up. When a Pokémon gains a level, its stats get higher; and it might learn a new Move.

Tips on Raising Pokémon

Place the Pokémon whose level you want to raise in the first slot of your Pokémon party. Immediately switch to another Pokémon as soon as you enter a battle. As long as you win the battle, even the Pokémon that didn't fight will receive a portion of the Experience Points. By repeating these steps, you can slowly but steadily increase the level of a weak Pokémon.

Pokémon Evolution

There are some Pokémon that evolve and change form as they grow. A Pokémon can evolve when its level increases, through the use of certain items, if it is traded (see page 19), and so on.

A Pokémon Egg

If you leave a couple of your Pokémon at the Day Care you find along your journey, you may return to find an Egg. Eggs will hatch if you keep them in your party long enough.

BUILDINGS IN TOWN

There are many different buildings and houses in the Sinnoh region. As you walk around, be sure to check out everything and chat with everyone you meet. You might find some useful information.

Pokémon Center (PC)

The people here will heal your injured Pokémon for free. You can also use the PC here. A Pokémon Center is the most useful place a Pokémon Trainer can visit!

* Communication play can be done with your friends on 2F and B1F of a Pokémon Center (see page 18).

Healing Your Pokémon and PC

Give your Pokémon to the lady behind the counter to completely recover their HP and PP. Your Pokémon will also recover completely if they have fainted, are poisoned, and so on.

By using a PC, you can store or withdraw your Pokémon. Also, you can store Mail, edit the Ball Capsule, or get Professor Rowan to rate your current Pokédex.

* PCs can be found in other buildings besides a Pokémon Center.

Poké Mart

Here, you can buy items that can help you on your adventure. Poké Marts in different towns sometimes sell different things. Also, the number of Badges you have will affect what you can buy.

Super Contest

The Pokémon Super Contest is held someplace in the Sinnoh region. This Contest allows Pokémon to compete using their charms. There are five competition categories to choose from: Cool, Beauty, and so on. Your Pokémon will compete through three types of Contest: Visual, Dance, and Acting. You can even compete against friends using DS Wireless Communications (see page 22).

Battle Frontier

Once you have defeated the Elite Four and the Pokémon Champion, you can visit the Battle Frontier, a place for Pokémon battles. You can also team up and battle with friends using DS Wireless Communications at the Battle Frontier (see page 33).

VARIOUS ITEMS

There are various kinds of items in the Sinnoh region. Items can be obtained by buying them at stores and finding them during your journey.

Items

Items that improve Pokémon stats, relate to Pokémon evolution, and so on are listed here.

Repel Prevents weak wild Pokémon from attacking for up to 100 steps.

Medicine

These items heal Pokémon or cure Pokémon status problems.

Potion Restores Pokémon HP by 20.

Antidote Cures poisoned Pokémon.

Poké Balls

These are necessary for catching Pokémon. Use the different Poké Balls creatively, depending on the types of Pokémon you encounter, to increase your chance of catching them.

Poké Ball Catches wild Pokémon.

TMs & HMs

Both Technical and Hidden Machines allow your Pokémon to learn new Moves. A Technical Machine (TM) can be used only once, but you can use a Hidden Machine (HM) as often as you like. Different types of Pokémon will be able to learn different Moves.

There are Moves that can be used both in battle and in the field. They can even be used in the field when the Pokémon who has learned the Move has fainted. Note that HM Moves cannot be used in the field until you obtain certain Gym Badges.

Hidden Moves

Cut Instantly cuts down trees that block the road.

Fly Instantly returns you to a town you've previously visited.

Moves

Flash Lights up dark caves.

Berries

Berries can be given to Pokémon to hold or they can be used as ingredients in making Poffins. Picking Berries makes the plant disappear, but you can plant Berries to grow more of them.

Oran Berry A Pokémon holding this Berry will use it during a battle to restore some HP.

Poffins

Poffins are sweets that increase the Condition of your Pokémon. A higher-level Poffin increases Condition more. If its Condition is high, a Pokémon will enjoy greater ratings in a Pokémon Contest (see page 12). You will need the Poffin Case, obtained during your journey, before you can start making Poffins.

First, select the Berry to cook into a Poffin, and then touch the Touch Screen to stir the Pot in the direction of the arrow. At first, stirring too fast will cause the batter to overflow. Later on, stirring too slowly will cause the Poffin to burn. The fewer overflows and burns you have while creating a Poffin, the better it will be! Because each Pokémon has its favorite Poffin, try feeding various kinds of Poffins to your Pokémon.

Mail

Give Mail to your Pokémon to hold. Trade Pokémon holding Mail with friends to exchange letters.

Air Mail Stationery that features a colorful design and letters.

Battle Items

Items that can be used to give you the advantage in battle.

X Attack Raises the Attack stat of a Pokémon in battle.

Key Items

Important items for your adventure. Some can be obtained during your journey.

Pal Pad Check friends you battled or traded with (see page 24).

Town Map Map of Sinnoh region.

Fashion Case Keep Pokémon Accessories.

Explorer Kit Provides access to the Underground (see page 21).

Vs. Recorder Record videos of battles you've had.

** You can only save one of your own battles as a Battle Video. Saving another Battle Video will overwrite your previous video, so please use caution. You can save up to three Battle Videos from other Trainers.*

** Wireless router and broadband access required for online play.*

After battling a friend, you will see the message, "Press the A Button to save a Battle Video of this battle." Press the A Button to save the Battle Video to your Vs. Recorder.

Delete Battle Videos that you have saved. To do so, select the video you'd like to delete, and touch "YES."

MIGRATE POKÉMON FROM THE GBA

You can migrate Pokémon caught in the Game Boy™ Advance Pokémon series: Pokémon Ruby, Sapphire, Emerald, FireRed, and LeafGreen versions (referred to collectively below as GBA Pokémon series), to Pokémon Platinum Version. The migrated Pokémon show up in the Pal Park. You will be able to catch them there.

* To migrate Pokémon, you'll need to have obtained the National Pokédex in Pokémon Platinum Version. You can do this by making sure you see all the Pokémon listed in the Pokémon Platinum Sinnoh Pokédex.

How to Migrate Your GBA Pokémon

- 1 Make sure that the Nintendo DS system is turned off. Insert the Pokémon Platinum Version Game Card into the Game Card slot on the back of the system and push until it clicks into place. Then insert a GBA Pokémon series Game Pak into the Game Pak slot of the Nintendo DS system and push until it clicks into place.
- 2 Turn the power on and touch the Pokémon Platinum panel on the Nintendo DS Menu Screen to start the game.
- 3 Select "MIGRATE FROM [VERSION NAME]" on the Start Menu.
* The screen on the right shows when Pokémon Emerald Version is used.
- 4 Touch "YES" when you are asked if you would like to migrate Pokémon from [your name]'s [version name] Game Pak. Touch "YES" when you see the message "Pokémon CANNOT be returned to the Game Boy Advance Game Pak. Make Pokémon migrate to the Pokémon Platinum Game Card?" to complete the migration.
- 5 The Pokémon you can migrate will be displayed. Touch a Pokémon to select and touch again to deselect. You can only migrate six Pokémon a day (24 hours) per Game Pak. The game will automatically proceed once you select six Pokémon to migrate.
- 6 Once you touch "YES," the Pokémon will migrate to Pokémon Platinum Version, as seen on the screen to the right. Touch "NO" to cancel if you decide not to migrate. After you choose "YES," restart the game and visit the Pal Park to see the Pokémon you've migrated.

- * Pokémon that are holding Mail or have learned a hidden move cannot migrate.
 - * The Pokémon migrated will disappear from their original GBA Pokémon series Game Pak. Please be careful. Once migrated, Pokémon will never be able to go back to their original GBA Pokémon series Game Pak.
- 7 The Pal Park has a competition to see how quickly you can catch six Pokémon. You are given six Park Balls upon entering the competition. Pokémon migrated will appear in the Pal Park. Throw your Park Balls to catch six Pokémon. How well you score depends on how long it takes you to catch all six Pokémon.
- * New Pokémon cannot be migrated until you finish catching the six Pokémon already in the Pal Park.

Only Six Pokémon Can Migrate per Day

When you see the message "Pokémon cannot be made to migrate for 24 hours," you cannot migrate Pokémon to the Pal Park for 24 hours, even if you change the Nintendo DS's clock settings or try to play Pokémon Platinum Version in a different Nintendo DS system. When you see the screen shown at the right, select "YES," and wait 24 hours.

GYM LEADERS AND BADGES

There is a Leader in every Pokémon Gym. If you are able to beat a Gym Leader, you'll receive an official Pokémon League Badge as evidence of your impressive victory. Wearing these badges allows you to use HM Moves that previously could not be used in the field, even if your Pokémon had learned them. The number of Badges you obtain determines what level of traded Pokémon will follow your orders.

1 ...up to Lv. 10

2 ...up to Lv. 30

4 ...up to Lv. 50

6 ...up to Lv. 70

8 ...any level

You can connect to nearby Nintendo DS systems using Nintendo DS Wireless Communications. You can also connect to a person who lives far away by using Nintendo Wi-Fi Connection (Nintendo WFC). Please check the following pages for more information.

- If you do not have a wireless network device installed on your PC, see the separate Nintendo WFC instruction booklet for more information.
- Nintendo Wi-Fi Connection game play uses more battery power than other game play. You may prefer to use the AC Adapter to prevent running out of power when using Nintendo Wi-Fi Connection.
- You can also play Nintendo WFC compatible games at selected Internet hotspots without additional setup.
- See the Terms of Use Agreement (see pages 35–37) that governs Nintendo Wi-Fi Connection game play and is also available at www.nintendo.com/games/wifi.
