1 Important Information

Please read this manual carefully before using this software. If the software is to be used by young children, the manual should be read and explained to them by an adult.

- ✦ Unless stated otherwise, any references to "Nintendo 3DS" in this manual apply to all systems in the Nintendo 3DS™ family.
- ✦ When playing on a Nintendo 2DS™ system, features which require closing the Nintendo 3DS system can be simulated by using the sleep switch.

⚠ IMPORTANT

Important information about your health and safety is available in the Health and Safety Information application on the HOME Menu.
You should also thoroughly read the Operations Manual, especially the "Health and Safety Information" section, before using Nintendo 3DS software.

Language Selection

The in-game language depends on the one that is set on the system. This title supports five different languages: English, German, French, Spanish and Italian.
If your Nintendo 3DS system language is set to one of these, the same language will be displayed in the software. If your Nintendo 3DS system is set to another language, the in-game default language will be English.
For instructions about how to change the system language, please refer to the System Settings electronic manual.

Advisories

This software (including any digital content or documentation you download or use in connection with this software) is licensed by Nintendo only for personal and non-commercial use on your Nintendo 3DS system. Your use of any network services of this software is subject to the Nintendo 3DS Service User Agreement and Privacy Policy, which includes the Nintendo 3DS Code of Conduct.

2 Information Sharing

User-generated content, or UGC, is content created by users, such as messages, Mii™ characters, images, photos, video, audio, QR Code™ patterns, etc.

Exchanging UGC

These are general precautions for exchanging UGC with other users. The extent of UGC exchange depends on the software.

- Uploaded content may be seen by other users. It may also be copied, modified and redistributed by third parties.
  Once sent, you cannot delete such content or limit its usage, so be careful.
- Any uploaded content may be removed without notice. Nintendo may also remove or hide content which is considered to be unsuitable.
- When uploading content or creating content for upload...
  - Do not include any information that can be used to identify you or a third party personally, such as your or a third party's name, email address, address or telephone number.
  - Do not include anything which could be damaging or offensive to another person, or make someone uncomfortable.
  - Do not infringe on the rights of others. Do not use content owned by a third party or that displays a third party (photos, images, videos) without their permission.
  - Do not include illegal content or any content which aids illegal activity.
  - Do not include any content which violates public morality.

3 Online Features

This software allows you to share your screenshots and experiences with players around the world on Miiverse™ and other social network sites (p. 7).

- ✦ For information about connecting your Nintendo 3DS system to the internet, refer to the Operations Manual.
- ✦ To use Miiverse features, you must have already launched Miiverse and completed the initial setup.

This software supports Nintendo Network™.

NINTENDO NETWORK

Nintendo Network is an online service which allows you to play with other players all over the world, download new add-on content and much more!

Online Precautions

- ● If you post, send or otherwise make available any information or content through wireless communication please make sure not to include any information that can be used to identify you personally, such as your name, email address, your address or your telephone number, as others may be allowed to see such information and content. In particular, when choosing a user name or nickname for your Mii™ characters, please do not use your real name as others may be able to view your user name and the nicknames of your Mii characters when using wireless communication.
- ● Friend codes are a part of a system that allows you to

establish a friendship with other users, so that you can play, communicate and interact with people you know. If you exchange friend codes with strangers, there is a risk that you could receive information or messages with offensive language or inappropriate content and that strangers may see information about you that you do not want strangers to see. We therefore recommend that you do not give your friend codes to people you don't know.

- Do not engage in harmful, illegal, offensive or otherwise inappropriate activity that might cause problems for other users. In particular, do not post, send or otherwise make available any information or content that threatens, abuses or harasses other persons, infringes on the rights of others (such as copyrights, portrait rights, privacy rights, rights of publicity or trademarks) or that may make other people feel uncomfortable. In particular, when sending, posting or making available photos, images or videos displaying other people, make sure to obtain their permission beforehand. If inappropriate conduct is reported or confirmed, you may be subject to penalties such as being banned from the Nintendo 3DS Services.

4 Parental Controls

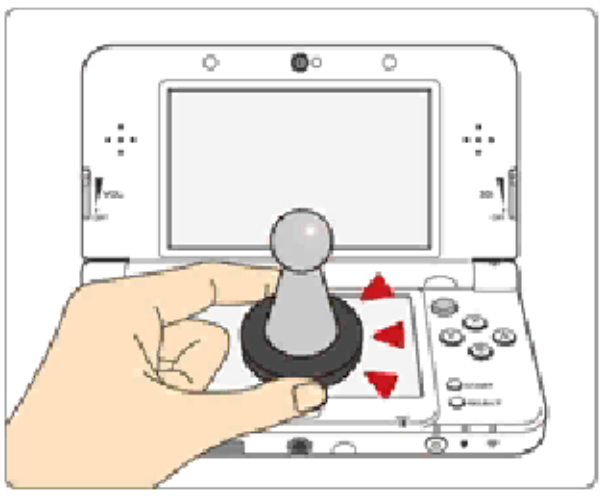
You can use the following Parental Controls to restrict certain features of this software.

✦ For more information about Parental Controls, refer to the Operations Manual.

● Internet Browser
Restricts use of Nintendo 3DS Image Share (p. 7).

● Miiverse
Restricts posting screenshots and gameplay impressions on Miiverse and/or viewing such Miiverse posts created by other players. It is possible to restrict posting only, or to restrict both posting and viewing.

5 About amiibo



This software supports amiibo.
You can use compatible amiibo™ accessories by touching them to the Touch Screen of a New Nintendo 3DS/New Nintendo 3DS XL system.

Your amiibo aren't just for show. You can use NFC (near-field communication) to connect them to compatible software and play with them in the game.
For more information, visit:
- amiibo.nintendo.eu (Europe)
- amiibo.nintendo.com.au (Australia/New Zealand)

- ✦ An amiibo can be read by multiple compatible software titles.
- ✦ If the data on your amiibo becomes corrupted and cannot be restored, go to the HOME Menu ⇒ ⇒ amiibo Settings and reset the data.

The Nintendo 3DS NFC Reader/Writer is required to use amiibo with a Nintendo 3DS/3DS XL/2DS system.

IMPORTANT

A light touch on the Touch Screen is enough for the system to detect your amiibo. Do not press the amiibo into the screen or forcefully drag it across the screen.

6 Saving/Deleting Data

There is one set of save data. When you clear a stage or leave the shop, the game's progress will automatically be saved.

Deleting Data

After starting the game, simultaneously press Ⓐ, Ⓑ, Ⓧ and Ⓨ after the Nintendo 3DS logo disappears and before the title screen appears. Hold the buttons until a window appears asking you if you want to delete your save data.

✦ Once save data is deleted it cannot be restored, so please be careful.

Transferring Data

If you've obtained costumes in BOXBOY!™ and BOXBOXBOY!™, then as long as the save data is on your system you can transfer it to this game and unlock those costumes in the Shop (p. 9).

- Do not repeatedly reset the system or intentionally input incorrect controls. Do not remove any Game Card/SD card inserted into the system while saving. Make sure not to get dirt in the terminals. These actions could result in permanent data loss.
- Do not use external accessories or software to modify your save data, as this can lead to an inability to progress or loss of save data. Any modification is permanent, so be careful.
