Nintendo Presents:
New Style Boutique™ 2 - Fashion Forward

The Wider World

Support Information

Please read this manual carefully before using this software. If the software is to be used by young children, the manual should be read and explained to them by an adult.

◆ Unless stated otherwise, any references to "Nintendo 3DS" in this manual apply to all systems in the Nintendo 3DS™ family.
◆ When playing on a Nintendo 2DS™ system, features which require closing the Nintendo 3DS system can be simulated by using the sleep switch.

⚠ IMPORTANT

Important information about your health and safety is available in the Health and Safety Information application on the HOME Menu.
You should also thoroughly read the Operations Manual, especially the "Health and Safety Information" section, before using Nintendo 3DS software.

Language Selection

The in-game language depends on the one that is set on the system. This title supports five different languages: English, German, French, Spanish and Italian.
If your Nintendo 3DS system language is set to one of these, the same language will be displayed in

the software. If your Nintendo 3DS system is set to another language, the in-game default language will be English.
For instructions about how to change the system language, please refer to the System Settings electronic manual.

Age Rating Information

For age rating information for this and other software, please consult the relevant website for the age rating system in your region.

2　About amiibo
This software supports ⠸amiibo⠸.
You can use compatible amiibo™
accessories by touching them to the
Touch Screen of a New
Nintendo 3DS/3DS XL system.

Your amiibo aren't just for show. You
can use NFC (near-field
communication) to connect them to
compatible software and play with
them in the game. For more
information, visit:
http://amiibo.nintendo.eu/

◆ An amiibo can be read by multiple
　 compatible software titles.
◆ If the data on your amiibo
　 becomes corrupted and cannot be
　 restored, go to the HOME Menu
　 ⇒ 🔧 ⇒ amiibo Settings and
　 reset the data.

The Nintendo 3DS NFC Reader/
Writer is required to use amiibo
with a Nintendo 3DS/3DS XL/
2DS system.

IMPORTANT

A light touch on the Touch Screen is enough for the system to detect your amiibo. Do not press the amiibo into the screen or forcefully drag it across the screen.

3   Information Sharing

User-generated content, or UGC, is content created by users, such as messages, Mii™ characters, images, photos, video, audio, QR Code™ patterns, etc.

Exchanging UGC

These are general precautions for exchanging UGC with other users. The extent of UGC exchange depends on the software.

● Uploaded content may be seen by other users. It may also be copied, modified and redistributed by third parties.
Once sent, you cannot delete such content or limit its usage, so be careful.

● Any uploaded content may be removed without notice. Nintendo may also remove or hide content which is considered to be unsuitable.

● When uploading content or creating content for upload...

- Do not include any information that can be used to identify you or a third party personally, such as your or a third party's name, email address, address or telephone number.
- Do not include anything which could be damaging or offensive to another person, or make

someone uncomfortable.
- Do not infringe on the rights of others. Do not use content owned by a third party or that displays a third party (photos, images, videos) without their permission.
- Do not include illegal content or any content which aids illegal activity.
- Do not include any content which violates public morality.

This software allows you to use the following online features:

● Swap Rooms (p. 25)
● View and participate in contests (p. 27)
● Purchase items (p. 32)

◆ For information about connecting your Nintendo 3DS system to the internet, refer to the Operations Manual.
◆ To use Miiverse™ features, you must have already launched Miiverse and completed the initial setup.

This software supports Nintendo Network™.

Nintendo Network is an online service which allows you to play with other players all over the world, download new add-on content and much more!

Online Precautions

● If you post, send or otherwise make available any information or content through wireless communication please make sure not to include any information that can be used to identify you

personally, such as your name, email address, your address or your telephone number, as others may be allowed to see such information and content. In particular, when choosing a user name or nickname for your Mii characters, please do not use your real name as others may be able to view your user name and the nicknames of your Mii characters when using wireless communication.

● Friend codes are a part of a system that allows you to establish a friendship with other users, so that you can play, communicate and interact with people you know. If you exchange friend codes with strangers, there is a risk that you could receive information or messages with offensive language or inappropriate content and that strangers may see information about you that you do not want strangers to see. We therefore recommend that you do not give your friend codes to people you don't know.

● Do not engage in harmful, illegal, offensive or otherwise inappropriate activity that might cause problems for other users. In particular, do not post, send or otherwise make available any information or content that threatens, abuses or harasses

other persons, infringes on the rights of others (such as copyrights, portrait rights, privacy rights, rights of publicity or trademarks) or that may make other people feel uncomfortable. In particular, when sending, posting or making available photos, images or videos displaying other people, make sure to obtain their permission beforehand. If inappropriate conduct is reported or confirmed, you may be subject to penalties such as being banned from the Nintendo 3DS Services.

● Please note that Nintendo servers may become temporarily unavailable without prior notice due to maintenance following any problems, and online services for certain software may be discontinued.

5　Parental Controls

You can use the following Parental Controls to restrict certain features of this software.

◆ For more information about Parental Controls, refer to the Operations Manual.

● Nintendo 3DS Shopping Services
Restricts the purchase of downloadable content.

● Miiverse
Restricts participating in contests and viewing other players' contest entries. It is possible to restrict participation only, or to restrict both participating and viewing.

● Sharing Images/Audio/Video/Long Text Data
Restricts swapping rooms and exchanging profiles via StreetPass™, swapping rooms via the internet, travelling via Local Play, and participating in online contests or viewing online contest entries.

● Online Interaction
Restricts participating in contests and viewing other players' contest entries, and swapping rooms via the internet.

● StreetPass
Restricts swapping rooms and exchanging profiles via StreetPass.

You've just arrived in a place called Beaumonde City. You become the manager of a boutique that sells clothing and accessories, and have to fill the local area with fashion!

Create and Swap Rooms

Decorate with your favourite furniture and accessories to create a room unique to you at Caprice Chalet! You can then share it with other players using wireless communication.

Hair, Make-up, and Designing too!

As well as running your own boutique, you'll also be able to work as a hair stylist, a make-up artist, and a fashion designer. You'll even be able to model in fashion shows too!

For most controls, you can use either the stylus or the buttons.

◆ There are some controls for which you must use one or the other.

The first time you play, select "New Game". The next time you play, you can select "Continue".

Other

Here you can select "Manage Data", "SpotPass", or "Watch Movies".

◆ As you proceed through the game, more options will become available.

Add-on Items

Using the internet, you can obtain additional items (p. 32).

Warning

● When you start playing you will be asked to input a name. Since other players will be able to see this name during wireless communication, please do not include anything which could be damaging or offensive to another person, or make someone uncomfortable.

◆ As you proceed through the game, you will be able to change your profile (p. 22).

● Seasons and the other characters' clothes will change; events will take place in accordance with real-world time. Altering the in-game date or time will temporarily stop these events from taking place.

Saving Data

Touch 📱 , or press Ⓧ to use your phone. Select "Save" to save your progress.

◆ You will be asked to save when you have finished putting a room together.

Content Saved to the SD Card

The following data will automatically be saved to an SD Card:
● Photos taken
● Notifications and posters you've received
● Add-on Items you've downloaded

Deleting Data

From the Title Menu select "Other", then "Manage Data", and then "Delete Save File" to delete your save data for this software.

◆ Deleted data cannot be recovered, so be careful when deleting data.

● Do not turn the power off, reset the system or remove Game Cards/SD Cards while saving. Make sure not to get dirt in the terminals. These actions could result in permanent data loss.

● Do not use external accessories or software to modify your save data, as this can lead to an inability to progress or loss of save data. Any modification is permanent, so be careful.

The city is presented as a stage. As you spread more fashion around the city, you will be able to visit more places.

Talk

Select a character on the Touch Screen, then select "Talk" to talk to them.

An important event will take place when you talk to these characters.

Characters that you've served before or have previously come to your shop as a customer, and are likely to return in the future.

These characters might have a miniature to give you, invite you on an outing, or have something nice to tell you.

These characters have a colour hint to tell you (p. 15).

These characters are hoping to rent a room (p. 21) at your Chalet.

✨ Characters with Special Jobs

Rainbow the colour coordinator (p. 15).

This icon will appear by Noor the hair stylist and Arabella the make-up artist when they are in their shops.

Magda the fortune teller. What will happen if you answer her questions...?

The boutique you manage. All kinds of customers wanting to become more fashionable will come here.

① Customers Inside the Shop

You can talk to and serve these customers.

② Customers Outside the Shop

These customers are interested in your mannequin's outfit.

Other Things You Can Do

5 Order Sheet

Check your customer's order and budget, repeat their order, hide the order sheet, or select "Sorry..." to decline serving the customer.

Recommendations

There are two ways to recommend an item to customers.

Try It On!

A recommendation with confidence. If the customer likes it, they'll be very pleased.

◆ If the recommended item is not what the customer requested, they may leave without purchasing anything. However, some customers may still purchase items even if they are different to what they had originally requested.

Take A Look!

Let the customer think about a recommendation before trying it on. Even if you get the order wrong at first, you will get up to two more chances to get it right.

Customers will have different favourite images. They are all listed below.

How To Get Add-on Items

❶ Select "Add-on Items" from the title menu.

❷ Select "Select Add-on Items".

❸ Select the Add-on Item you would like, then select "Proceed" or press START on your Nintendo 3DS system.

❹ From here on, please follow the on-screen instructions.

About Downloading/Purchasing Items

● You can view your past downloads/purchases in Nintendo eShop's Account Activity section.

● Purchased/downloaded items can be used on the Nintendo 3DS system used to purchase/download them. Purchased/downloaded items will be saved to the SD Card but if you insert the SD Card into another system they will not be available on that system.
