

How to make a Luigi-O'-Lantern

Kids, please ask a grown-up to help you with each step!

- 1.** Cut a lid on top of your pumpkin, then scoop out all of the gross insides.
- 2.** Cut out the stencil of Luigi's face, leaving at least a 3 cm border.
- 3.** Tape the stencil to your pumpkin, then use a drawing pin to carefully poke holes along the guide lines. Space the holes about half a centimeter apart.
- 4.** Remove the stencil and tape, then use a carving saw to cut along the dotted lines you made with the drawing pin. Use carving tools to smooth out any rough spots.
- 5.** Illuminate your Luigi-O'-Lantern with a glow stick, a Jack-O'-Lantern light, or a candle.
